POISON SIGNS (Symptoms)

Parathion is a very dangerous poison. It rapidly enters the body on contact with all skin surfaces and eyes. Clothing wet with this material must be removed immediately. Exposed persons must receive prompt medical treatment or they may die.

Some of the signs and symptoms of poisoning are: Headache, nausea, vomiting, cramps, weakness, blurred vision, pin point pupils, tightness in chest, labored breathing, nervousness, sweating, watering of eyes, drooling or frothing of mouth and nose, muscle spasms and coma.

FIRST AID TREATMENT

Call a doctor, physician, clinic, or hospital immediately. Explain that the victim has been exposed to parathion and describe his condition.

If breathing has stopped, start artificial respiration immediately and maintain until doctor sees victim. If swallowed and victim is awake, unconscious, make him vomit quickly. Induce vomiting by striking finger down throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Never give any thing by mouth to an unconscious person. Have victim lie down and keep quiet. See doctor immediately.

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. See doctor immediately.

NOTE TO PHYSICIAN

Antidote: Administer atropine sulfate in large doses 2.0 to 6.0 mg. intravenously or intramuscularly as soon as diagnosis is verified. Repeat at 5 to 10 minute intervals until signs of atropinization appear. Atropine does not neutralize parathion. Do NOT GIVE MORPHINE OR TRANQUILIZERS. Parathion is a strong bronchospasmodic, stimulating the central and peripheral nervous system and producing cardiac and respiratory depression. At first signs of poisoning, the patient should be given supplemental oxygen and treated symptomatically with respiration if the patient may recover and fatal dosage may have been repeated after initial improvement. VERY TOXIC TO PREGNANT WOMEN. INDICATED FOR USE AT 14 HOURS.

CROP USE DIRECTIONS

See label for detailed directions.

POST TREATED AREA

Do not allow animals to graze in treated areas. Do not allow children to play in treated areas.

CONDITIONS OF SALE
