

ALACHLOR TECHNICAL

524-316

While alachlor has produced tumors in laboratory animals, extensive studies have established that alachlor is unlikely to be a human carcinogen at low levels of exposure. However, even when used according to label directions, some exposure will result. Therefore, users must read and follow all Precautionary Statements, Environmental Hazards, and Directions for Use to minimize exposure to this product.

HOT LINE NUMBER	
<ul style="list-style-type: none"> • For further information in case of emergency call (314) 694-4000. • Have the product container or label with you when calling a poison control center or doctor or going for treatment. • This product is identified as Alachlor Technical, EPA Registration No. 524-316. 	

Environmental Hazards

This chemical is toxic to terrestrial and aquatic plants, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

This chemical is only for formulation into a herbicide for the following uses: corn (all types), cotton, sunflower, soybeans, peanuts, grain sorghum (milo), cereal grains group (except rice), non-grass animal feeds group, dry beans (all types) lima beans (green) and woody ornamentals (juniper and yew).

Storage and Disposal

Do not contaminate water, food, feed or seed by storage or disposal.

PESTICIDE STORAGE: STORE AWAY FROM HEAT. Melting point approximately 38°C (100°F).

PESTICIDE DISPOSAL: Wastes resulting from the use of this product that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticide disposal or in accordance with applicable Federal, state or local procedures.

Emptied container retains vapor and product residue. Observe all labeled safeguards until container is cleaned, reconditioned or destroyed.

CONTAINER DISPOSAL: Triple rinse container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

FOR FORMULATION OF HERBICIDE PRODUCTS ONLY. This product may be used to formulate products for any additional use(s) not listed on the Manufacturing-Use Product label if the formulator, user group or grower has complied with U.S. EPA submission requirements regarding support of such use(s).

ACTIVE INGREDIENT:

* Alachlor	94.0%
OTHER INGREDIENTS:	6.0%
	100.0%

*2-chloro-2',6' diethyl-N-(methoxymethyl) acetanilide
