Environmental Hazards

This chemical has been developed in limited ground water sampling and there is the possibility that it can leach through the soil to ground water, especially where soils are sandy and ground water is near the surface. Following application and during rainfall events that cause runoff, this chemical may reach surface water bodies including streams, rivers and reservoirs.

Care must be taken when using this product to prevent back siphoning into water supply or unapproved disposal of excess pesticides, spray mixtures or residues.

LASSO

ATRAZINE

FLOWABLE PRE MIX HERBICIDE BY

Monsanto

Selective herbicide for preemergence weed control in corn (all types) and grain sorghum (milo)

RESTRICTED USE PESTICIDE

due to oncogenicity. For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

The use of this product may be hazardous to your health. This product contains alachlor, which has been determined to cause tumors in laboratory animals.

Carefully follow detailed instructions in label booklet.

SHAKE WELL BEFORE USING

Check label for preapplication advice must be used on all mixing and application equipment. Disposal of excess pesticide spray mixtures or residues should be according to label use instructions or according to the state pesticide or environmental health agency or the hazardous waste representative of the nearest EPA regional office.

This product is toxic to fish. Do not apply directly to water or wetlands. Do not contaminate water when cleaning or equipment washwaters.

Physical or Chemical Hazards

COMBUSTIBLE

Do not use in open near heat or flame.
Use only with adequate ventilation.
In case of:

(1) fire, use water spray from the minimum of 10 feet or LEAF soap to remove and keep away from humans and domestic animals.

(2) Storage and Disposal

Do not contaminate water, foodstuffs, feed or seed by storage or disposal.
STORAGE:
STORE ABOVE GROUND

Below 32°F this product may freeze. If frozen, place in a warm room and roll and shake the container to quickly to redissolve before using.
(3) spillage:

Waste of this pesticide may cause eye and skin irritation and may be dangerous. Prompt disposal of excess pesticide spray mixtures or residue is a violation of Federal law. If these wastes cannot be disposed of according to label use instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative of the nearest EPA Regional Office for assistance.

Empty container retains odor and product residue. Do not use for labeling, sales or if label container is damaged. Do not reuse container. Single use containers. Then pour into and dispose of in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If by heat, keep out of smoke.
