**PRECAUTIONARY  
STATEMENTS**

**HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS**

Keep out of reach of children.

**CAUTION!** If swallowed, may cause gastrointestinal tract irritation. Wash thoroughly with soap and water after handling. Keep children and pets off treated area until spray is thoroughly dry. In case of an emergency, involving this product, Call Collect, day or night, (314) 694-4800.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Roundup® L&G Ready-To-Use herbicide** is a nonselective labeled grass and weed killer which, when absorbed by contacted foliage, is carried throughout the stems and roots to give complete kill of labeled tough annual and perennial grasses and broadleaf weeds. This product has no herbicidal activity in the soil and will not wash or leach to affect nearby vegetation. It is formulated for "spot" application to kill individual weeds around trees, shrubs, fences, patios, walks and in flower gardens and lawns. Yellowing and wilting usually occur within one week with a complete kill in 2 to 4 weeks. For best results, apply to actively growing plants in warm sunny weather.

Adjust the nozzle to a coarse spray. Position sprayer to approximately 1-2 feet from the weed and apply to completely cover the weed, stopping just before the spray begins to drip or run off. One application will control most listed weeds. If certain hard-to-control weeds are not completely killed within 4 weeks, repeat application. Treated areas in lawns can be mowed 7 or more days after application.

Behavegrass, Barnyardgrass, Bermudagrass, Blackberry, Canada Thistle, Chickweed, Common Ragweed, Crabgrass, Dandelion, Foxtail, Field Bindweed, Field Sanchar, Foxtail, Johnsongrass, Kentucky Bluegrass, Lamb-quarter, Orchardgrass, Perennial Ryegrass, Puncture Ivy, Puncture Oak, Quackgrass, Red Clover, Shepherdspurse, Smooth Bromegrass, Sorghum, White Clover and Yellow Nutsedge.

This product is a nonselective weed killer which can injure or kill all vegetation contacted. **AVOID SPRAY CONTACT ON DESIRABLE PLANTS. APPLY ONLY WHEN THE AIR IS CALM.** If spray or drift accidentally contacts desirable vegetation, wash off immediately with water. Do not apply when rainfall is expected within 24 hours. Avoid mowing, cutting or otherwise disturbing treated vegetation for at least 7 days.

For more product information, Call toll-free 1-800-225-7883.

**STORAGE AND DISPOSAL**

Do not contaminate water. Residuals, food or feed by storage or disposal.

**USE AND STORE THIS PRODUCT ONLY IN ITS ORIGINAL CONTAINER.** Store product in a secure storage area. Protect product from freezing.

To dispose of unused product, securely wrap original container in several layers of newspaper and discard in trash. In case of SPILL or LEAK, soak up with paper towels and discard in trash.

Do not reuse spray bottle. Rinse thoroughly before discarding in trash.
