PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

~~Keep out of reach of children.~~

~~CAUTION: If swallowed, may cause gastrointestinal tract irritation. Wash thoroughly with soap and water after handling. Keep children and pets off treated area until spray is thoroughly dry. (moved to "IMPORTANT" below) In case of an emergency involving this product, Call Collect, day or night, (314) 694-4000.~~

ENVIRONMENTAL HAZARDS

~~Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.~~

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

~~READ THE ENTIRE LABEL BEFORE USING THIS PRODUCT. USE ONLY ACCORDING TO THE FOLLOWING DIRECTIONS AND OBSERVE ALL PRECAUTIONS.~~

STORAGE AND DISPOSAL
(this section moved)

BEST AVAILABLE COPY

~~Do not contaminate water, foodstuffs, feed or seed by storage or disposal.~~

~~STORAGE: USE AND STORE THIS PRODUCT ONLY IN ITS ORIGINAL CONTAINER. Store product in a secure storage area. Protect product from freezing.~~

~~DISPOSAL: To dispose of unused product, securely wrap original container in several layers of newspaper and discard in trash. In case of SPILL or LEAK, soak up with paper towels and discard in trash.~~

~~DO NOT REUSE SPRAY BOTTLE EXCEPT FOR REFILL IN ACCORDANCE WITH THE ROUNDUP® QUIK STIK GRASS & WEED KILLER LABEL. If NOT refilled, rinse thoroughly before discarding in trash.~~

~~Roundup® L&G Ready-To-Use Grass & Weed Killer herbicide is a nonselective labeled grass and weed killer which, when absorbed by contacted foliage, is carried throughout the stems and roots to give complete kill of labeled tough annual and perennial grasses and broadleaf weeds. This product has no herbicidal activity in the soil and will not wash or leach to affect nearby vegetation. Roundup is broken down in the soil by microbes. Once a contact with soil has occurred, Roundup will not move in the soil to affect nearby vegetation. It is formulated for "spot" application to kill weeds around trees, shrubs, fences, patios, walks, and in flower gardens, and lawns. Yellowing and wilting usually occur within one week with a complete kill in 2 to 4 weeks. For best results, apply to actively growing plants in warm sunny weather.~~

~~HOW TO USE (this paragraph is moved up from below)~~

~~IMPORTANT: This product is a **selective** weed **killer** which can injure or kill all **undesired** vegetation contacted. **APPLY ONLY WHEN THE AIR IS CALM. AVOID SPRAY CONTACT ON DESIRABLE PLANTS.** If spray or drift accidentally contacts desirable vegetation, wash off immediately with water. **Do not apply when rainfall is expected within 24 hours.** Avoid mowing, cutting or otherwise disturbing treated **vegetation** for at least 7 days. **Keep children and pets off treated sprayed area until spray is thoroughly dry.**~~

~~How-To-Use: **Adjust the nozzle to a coarse spray. Position sprayer tip approximately 1-2 feet from the weeds, grasses, and broadleaf weeds and apply to kill completely covered, the weed, stopping just before the spray begins to drip or run off. One application will control most listed weeds. Spray plants until they are fully wet. For best results, apply to actively growing weeds, grasses and broadleaf weeds.**~~

394

Desirable plants in warm sunny weather. If certain hard-to-control weeds are not completely killed within 4 weeks, repeat application. Sprayed-treated areas in lawns can be reseeded or replanted 7 or more days after application.

WEEDS CONTROLLED: Roundup Ready-To-Use will completely kill most tough annual weeds, grasses and many perennials found in and around houses, trees, driveways, flower beds, walkways and shrubs. **[PICTURES OF 43 COMMON WEEDS]**

Bahiagrass, Barnyardgrass, Bermudagrass, Blackberries, Canada Thistle, Chickweed, Common Ragweed, Crabgrasses, Dandelion, Fescue, Field Bindweed, Field-Sandspur, Foxtail, Johnsongrass, Kentucky Bluegrass, ~~Red~~ Lambsquarters, Orchardgrass, Perennial Ryegrass, Poison Ivy, Poison Oak, Quackgrass, Red Clover, Shepherdspurse, Smooth Bromegrass, Sowthistle, White-Clover and Yellow Nutsedge.

IMPORTANT: This product is a nonselective weed killer which can injure or kill all plants contacted. **AVOID SPRAY CONTACT ON DESIRABLE PLANTS. APPLY ONLY WHEN THE AIR IS CALM.** If spray or drift accidentally contacts desirable vegetation, wash off immediately with water. Do not apply when rainfall is expected within 24 hours. Avoid mowing, cutting or otherwise disturbing treated vegetation for at least 7 days. (moved above)

STORAGE AND DISPOSAL
(moved from above)

Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

STORAGE: USE AND STORE THIS PRODUCT ONLY IN ITS ORIGINAL CONTAINER. Store product in a secure storage area. Store this product only in its original container and in a secured storage area. Protect product container from freezing.

PRODUCT DISPOSAL:

Monsanto is committed to responsible environmental practices and recommends that all of the product be used up, carefully following all label directions and precautions.

- If necessary to dispose of unused product, partially filled product container, then securely wrap original container in several layers of newspaper and discard in trash. -In case of SPILL or LEAK, soak up with paper towels and discard in trash- (sentence moved to below)

EMPTY CONTAINER:

(text for 24 oz container size)
