Environmental Hazards

Do not apply directly to water or wetland (swamps, bogs, marshes, or potholes). Do not contaminate water by cleaning of equipment or disposal of wastes.

Physical or Chemical Hazards

Spray solutions of this product should be mixed, stored and applied only in stainless steel, aluminum, fiberglass plastic and plastic lined steel containers.

DO NOT MIX, STORE OR APPLY THIS PRODUCT OR SPRAY SOLUTIONS OF THIS PRODUCT IN GALVANIZED STEEL OR UNLINED STEEL (EXCEPT STAINLESS STEEL) CONTAINERS OR SPRAY TANKS. This product or spray solutions of this product react with such containers to produce hydrogen gas which may form a highly combustible gas mixture. This gas mixture could explode, causing serious personal injury, if ignited by open flame, spark, welder's torch, lighted cigarette or other ignition source.

Storage and Disposal

Do not contaminate water, foodstuffs, seed or feed by storage or disposal.

STORAGE

Keep container closed to prevent spills and contamination.

DISPOSAL

Wastes resulting from the use of this product that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticide disposal or buried on site in a safe place away from water supplies. All disposal should be in accordance with applicable Federal, state and local procedures.

Emptied container retains vapor and product residue. Observe all labeled safeguards until container is destroyed.

Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL INFORMATION

This product is a foliar applied plant growth regulator that will suppress growth and seedhead development of listed turf species.

For best results, apply this product to actively growing plants at full greenup in the spring of the year but before seedheads begin to emerge.

This product is recommended for use on roadside rights-of-way or other industrial areas where coarse turfs are managed. Do not use on high quality turfs or other areas where some turf color changes cannot be tolerated. Light turf discoloration may occur but turf will regreen and regrow under moist conditions as effects of this product wear off.

KEEP PEOPLE AND PETS OFF TREATED AREAS UNTIL SPRAY SOLUTION HAS DRIED.

Rainfall or irrigation occurring within 6 hours after application may reduce effectiveness. Heavy rainfall or irrigation within 2 hours after application may wash this product off the foliage and a repeat treatment may be required.
