Read the entire label before using this product.
 Use only according to label instructions.
 Read "LIMIT OF WARRANTY AND LIABILITY" before buying or using. If terms are not acceptable return at once unopened.

ACCEPTED
 OCT 31 1936
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 524-332

1. Front Panel: ADD Manage CC is referred to throughout this label as "Manage".

2. 1988-1

LIMIT OF WARRANTY AND LIABILITY

This Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes set forth in the Complete Directions for Use label booklet. Directions, when used in accordance with those Directions under the conditions described therein, NO OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE. This warranty is also subject to the conditions and limitations stated herein.

Buyer and all users shall promptly notify this Company of any claims, whether based in contract, negligence, strict liability, other tort or otherwise.

Buyer and all users are responsible for all loss or damage from use or handling which results from conditions beyond the control of this Company, including, but not limited to, incompatibility with products other than those set forth in the Directions, application or contact with desirable vegetation, unusual weather, weather conditions which are outside the range considered normal at the application site and for the time period when the product is applied, as well as weather conditions which are outside the application ranges set forth in the Directions, application in any manner not explicitly set forth in the Directions, moisture conditions outside the moisture range specified in the Directions, or the presence of products other than those set forth in the Directions in or on the soil or turf.

THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE LIMIT OF THE LIABILITY OF THIS COMPANY OR ANY OTHER SELLER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGE RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, INCLUDING CLAIMS BASED IN CONTRACT, NEGLIGENCE, STRICT LIABILITY, OTHER TORT

OR OTHERWISE, SHALL BE THE PURCHASE PRICE PAID BY THE USER OR BUYER FOR THE QUANTITY OF THIS PRODUCT INVOLVED, OR, AT THE ELECTION OF THIS COMPANY OR ANY OTHER SELLER, THE REPLACEMENT OF SUCH QUANTITY OR, IF NOT ACQUIRED BY PURCHASE, REPLACEMENT OF SUCH QUANTITY. IN NO EVENT SHALL THIS COMPANY OR ANY OTHER SELLER BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES.

The Buyer and all users are deemed to have accepted the terms of this LIMIT OF WARRANTY AND LIABILITY which may not be varied by any verbal or written agreement.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Keep out of reach of children.

WARNING!

CAUSES SKIN IRRITATION.
MAY CAUSE EYE IRRITATION.

Do not get in eyes, on skin or on clothing.
Wash thoroughly with soap and water after handling.

FIRST AID: IF IN EYES, immediately flush with plenty of water. Call a physician if irritation persists.

IF ON SKIN, immediately flush with plenty of water while removing contaminated clothing. Call a physician. Wash clothing before reuse.

In case of an emergency involving this product,
Call Collect, day or night, 314.694.4000.

Environmental Hazards

Do not apply directly to water or wetland, swamps, bays, marshes or bays. Do not contaminate water by leaching of equipment or disposal of wastes.

Physical or Chemical Hazards

Spray solutions of this product should be mixed, stored and applied in stainless steel, aluminum, fiberglass, plastic and plastic lined steel containers.

DO NOT MIX, STORE OR APPLY THIS PRODUCT OR SPRAY SOLUTIONS OF THIS PRODUCT IN GALVANIZED STEEL OR UNLINED STEEL, EXCEPT STAINLESS STEEL CONTAINERS OR SPRAY TANKS. This product or spray solutions of this product react with such containers to produce hydrogen gas which may form a highly combustible gas mixture. This gas mixture could explode, causing serious personal injury if ignited by open flame, spark, welder's torch, lit cigarette or other ignition source.

Storage and Disposal

3. Do not contaminate water, foodstuffs, feed or seed by storage and disposal.

STORAGE

Keep container closed to prevent spills and contamination.

DISPOSAL

Wastes resulting from the use of this product that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticide disposal or buried on site in a safe place away from water supplies. All disposal should be in accordance with applicable Federal, state and local procedures.

Emptied container retains vapor and product residue. Observe all labeled safeguards until container is destroyed.

Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, if allowed by state and local authorities. Do not burn. If burned, stay out of smoke.

GENERAL INFORMATION

4. This product is a foliar applied plant growth regulator that will suppress growth and seedhead development of listed turf species.

5. For best results, apply this product to actively growing plants at full greenup in the spring of the year but before seedheads begin to emerge.

This product is recommended for use on roadside rights of way or other industrial areas where coarse turfs are managed. Do not use on high-quality turfs or other areas where some turf color changes cannot be tolerated. Slight turf discoloration may occur but turf will regreen and regrow under most conditions as effects of this product wear off.

KEEP PEOPLE AND PETS OFF TREATED AREAS UNTIL SPRAY SOLUTION HAS DRIED.

Rainfall or irrigation occurring within 6 hours after application may reduce effectiveness. Heavy rainfall or irrigation within 2 hours after application may wash this product off the foliage and a repeat treatment may be required.

3. Move Storage and Disposal section to Directions for Use.

GENERAL INFORMATION

4. PARAGRAPH 1: Revise

This product is a foliar-applied plant growth regulator. It will suppress growth and seedhead development of some grasses when applied alone on listed turf species as recommended in this label.

5. PARAGRAPH 2: Delete this paragraph

DIRECTIONS FOR USE

6. It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

For suppression of growth and seedheads of tall fescue, apply 4 ounces of this product in 10 to 40 gallons per acre of spray solution. A 1-pound, 16-ounce package of this product will treat four acres. Applications can be made from greenup until seedhead emergence. Treatments made after seedhead emergence may cause turf injury.

TANK MIXTURES

Manage plus Telar™

For added suppression of tall fescue growth and seed heads and for control of certain weeds, tank mix up to 1/2 ounce per acre of Telar. Consult the Telar label for weeds controlled at this rate and the proper stage of application. Do not combine both Telar and Oust™ in a tank mixture with this product.

Manage plus Oust™

For added suppression of tall fescue and smooth brome growth and seedheads and for control of certain weeds, tank mix up to 1/4 ounce per acre of Oust. Do not combine both Oust and Telar in a tank mixture with this product.

Tank Mixtures plus 2,4-D Amine

For additional weed control benefits, up to 1 quart per acre of 2,4-D amine may be added to the above tank mixtures. Consult the label for 2,4-D amine for weeds controlled.

6. Replace entire Directions for Use:

(Also insert "Storage and Disposal" section from page 3 in the space shown below.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

Apply 2 to 5 dry ounces of this product per acre alone or in a recommended tank mixture. Spray volumes of 10 to 40 gallons per acre are recommended. A 1-pound package of this product contains 16 dry ounces and treats 3 to 8 acres.

For best results, apply this product in a recommended tank mixture to actively growing turfgrasses after greenup in the spring of the year. For suppression of seedheads, applications must be made before boot-to-seedhead stage of development. Applications made from seedhead emergence until maturity may result in turf discoloration or injury.

After mowing or removal of seedheads, this product in a recommended tank mixture may also be used to suppress the growth of certain turfgrasses. Allow turf to recover from stress caused by heat, drought or mowing before making applications. Applications made to turf under stress may increase the potential for discoloration or injury.

S

ANNUAL GRASSES

For growth suppression of some annual grasses such as annual ryegrass, wild barley and wild oats, apply 2 to 3 ounces of this product in 10 to 40 gallons of spray solution per acre. Applications should be made when annual grasses are actively growing and before the seedheads are in the boot stage of development. Treatments made after seedhead emergence may cause injury to the desired grasses.

TANK MIXTURES FOR INDUSTRIAL TURFGRASSES

Tank Mixtures plus 2,4-D Amine

For additional weed control benefits, up to 1 quart per acre of 2,4-D amine may be added to the following tank mixtures. Consult the label for 2,4-D amine for weeds controlled.

TALL FESCUE

Manage plus Telar™

For suppression of tall fescue growth and seedheads, and control or partial control of some annual weeds, apply this tank mixture after greenup and prior to boot-to-seedhead stage of development. Use up to ½ ounce of Telar per acre. Consult the Telar label for weeds controlled at this rate and the proper stage of application. The addition of 1 to 2 quarts of nonionic surfactant per 100 gallons of spray solution may improve the consistency of performance.

6-7
6

This tank mixture can also be applied after mowing or removal of tall fescue seedheads for turf growth suppression and control or partial control of some annual weeds. Do not treat turf under stress.

Make only one of the above applications per growing season.

Manage plus Oust™

For suppression of tall fescue growth and seedheads, and control or partial control of some annual weeds, apply this tank mixture after greenup and prior to boot-to-seedhead stage of development. Use up to $\frac{1}{2}$ ounce of Oust per acre.

Manage plus Escort™

This tank mixture can be applied after mowing or removal of tall fescue seedheads for turf growth suppression and control or partial control of some annual weeds. Use up to $\frac{1}{3}$ ounce of Escort per acre. Do not treat turf under stress.

SMOOTH BROME

Manage plus Oust

For suppression of smooth brome growth and seedheads and control or partial control of some annual weeds, apply this tank mixture after greenup and prior to boot-to-seedhead stage of development. Use up to $\frac{1}{2}$ ounce of Oust per acre.
