PRECAUTIONARY
STATEMENTS

HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

Keep out of reach of children.

CAUTION! If swallowed, may cause gastrointestinal tract irritation. Wash thoroughly with soap and water after handling. Keep children and pets off treated area until spray is thoroughly dry. In case of an emergency involving this product, Call Collect, day or night, (314) 694-4000. (Picture of telephone receiver)

ENVIRONMENTAL HAZARDS

~~Do not apply directly to water or wetland (swamps, bogs, marshes or potholes).~~ Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

STORAGE: USE AND STORE THIS PRODUCT ONLY IN ITS ORIGINAL CONTAINER. Store product in a secure storage area. Protect product from freezing.

DISPOSAL: To dispose of unused product, securely wrap original container in several layers of newspaper and discard in trash. In case of SPILL or LEAK, soak up with paper towels and discard in trash.

~~Do not reuse container.~~ DO NOT REUSE SPRAY BOTTLE EXCEPT FOR REFILL IN ACCORDANCE WITH THE ROUNDUP® QUIK STIK GRASS & WEED KILLER LABEL. Refill this empty spray bottle only in accordance with directions on Roundup® Quik Stik label. If NOT refilled, rinse thoroughly before discarding in trash.

Roundup® L&G Ready-To-Use Fast Acting Formula herbicide is a nonselective grass and weed killer which, when absorbed by contacted foliage, is carried throughout the stems and roots to give complete kill of labeled tough annual and perennial grasses and broadleaf weeds. This product has no herbicidal activity in the soil and will not wash or leach to affect nearby vegetation. It is formulated for "spot" application to kill weeds around trees, shrubs, fences, patios, walks, flower gardens, and for lawn renovation. Treated plants will usually show effects within 3 days with a complete kill in 2 to 4 weeks. For best results, apply to actively growing undesirable plants in warm sunny weather.

(Roundup® L&G
READY-TO-USE)

How To Use: Adjust the nozzle to a coarse spray. Position sprayer tip approximately 1-2 feet from the weed and apply to completely cover the weed, stopping just before the spray begins to drip or run off. One application will control most listed weeds. If certain hard-to-control weeds are not completely killed within 4 weeks, repeat application. Treated areas can be reseeded or replanted, 7 or more days after application.

WEEDS CONTROLLED: Bahiagrass, Barnyardgrass, Bermudagrass, Blackberry, Thistle, Chickweed, Common Ragweed, Crabgrasses, Dandelion, Fescues, Field Bindweed, Foxtail, Johnsongrass, Kentucky Bluegrass, Kudzu, ~~Lambsquarter~~, ~~Lambsquarters~~, Orchardgrass, Perennial Ryegrass, Poison Ivy, Poison Oak, Quackgrass, Shepherdspurse, Clover and Yellow Nutsedge and many other annual and perennial grasses, weeds, sedges and brush.

IMPORTANT: This product is a nonselective weed killer which can injure or kill all vegetation contacted. AVOID SPRAY CONTACT ON DESIRABLE PLANTS. APPLY ONLY WHEN THE AIR IS CALM. If spray or drift accidentally contacts desirable vegetation, wash off immediately with water. Rainfall within 6 hours could affect performance. Avoid mowing, cutting or otherwise disturbing treated vegetation for at least 7 days.
