**RECOMMENDATIONS**

Monsanto recommendation for distribution and use only in the Minnesota counties of Nicollet, McLeod, Sibley, Meeker, Kandiyohi and Jackson.

Harness 20G may be applied in the fall to crop stubble between October 10 and November 15, but before soil freeze-up. Applications may be made to medium and fine texture soils with greater than 3% organic matter. Tillage may be performed before or after application. Do not till more than 4 inches deep after application.

Do not apply Harness 20G in the spring following a fall application.

Only corn (except sweet corn) may be planted the following spring.

This recommendation expires November 30, 1996.

Read the "Limit of Warranty and Liability" in the label booklet for

Harness 20G herbicide before using. These terms apply to this supplemental labeling and if these terms are not acceptable, return the product unopened at once.

Harness 20G is a registered trade-mark of Monsanto Company.
