Simone Seifert-Higgins Regulatory Affairs Manager Monsanto Company 1300 I (Eye) Street, NW - Suite 450 East Washington, DC 20005

Subject: Amendment to Add a Supplemental Label – Crop Rotation information added

Product Name: AM900 PREMIX HERBICIDE

EPA Registration Number: 524-636 Application Date: August 28, 2017

Decision Number: 534823

Dear Ms. Seifert-Higgins:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval is only for a supplemental label that is an addendum to the master label. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

This supplemental labeling contains some new and/or revised uses and/or directions which may be additional to the uses and/or directions found on the label on or attached to the container, but this supplemental labeling does not by itself constitute the complete set of use directions. The complete set of use directions is set forth on the container label as combined with this supplemental labeling.

A stamped copy of your labeling is enclosed for your records. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Shanta Adeeb by phone at 703-347-0502, or via email at adeeb.shanta@epa.gov.

Harness is a registered trademenk of Monsanto Technology LLC

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

Follow all applicable directions, restrictions, and precautions including statements pertaining to the Worker Protection Standard, on the main booklet label for this product.

This supplemental label must be in the possession of the user at the time of herbicide application. Use of Harness Max Herbicide according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Harness MAX Herbicide. Read the label affixes to the container for Harness MAX Herbicide before applying.

USE INSTRUCTIONS:

ROTATIONAL CROPS:

Do not rotate to food or feed crops other than those listed below after application of Harness® MAX Herbicide at labeled rates.

Crop Rotational Intervals:

or or retailer an intervale.			
Crop	Rotational Interval ¹		
Field corn, seed corn, silage corn, yellow	Immediately		
popcorn, or grain sorghum (milo) ²			
Wheat	4 months		
Alfalfa, peanuts, soybean, cotton	10 months		
Barley, rye, oats, millet, rice, sunflower	The spring following application		
Cucurbits, dry beans, peas, sugar beets and	18 months		
all other rotational crops			

¹ Time between Harness® MAX Herbicide application and replanting of the rotational crop

Following harvest of crops treated with Harness® MAX Herbicide, winter cover crops may be planted but not used for food or animal feed for a minimum of 18 months following the last application of this product. Injury to cover crops may occur. This prohibition does not apply to wheat which may be planted 4 months following the last application of this product.

Read the "Limit of Warranty and Liability" in the label booklet for Harness® MAX Herbicide before using. These terms apply to this supplemental label and if these terms are not acceptable, return the product unopened at once.
