

Active Ingredients	
Permethrin (Cyfluthrin)	69.19%
1,1-Dichloro-2,2-bis(4-chlorophenyl) ethane (Dichlorodiphenylethane)	0.50%
Pyrethrin (Type I) Technical (Consists of 2.8% (E)-Butylcarbitol ester of pyrethrin I and 0.052% related compounds)	0.05%
Inert Ingredients	30.00%
* Also known as Deltamethrin	

**CAUTION: CONTENTS UNDER PPESSURE**  
 KEEP OUT OF REACH OF CHILDREN  
 READ CAUTION ON BACK PANEL CAREFULLY

DI-O-CIDE E-3 Pressurized Residual Insecticide when applied according to directions will kill Roaches, Water Bugs, Carpet Beetles, Ants, Flies and certain other insects. Also kills Roaches resistant to chlorinated hydrocarbons.

**DIRECTIONS FOR USE**

Remove cap, hold can upright, point valve opening away from face. Hold nozzle from 6 to 12 inches away from surface to be treated. Push button to release and spray surface only until wet.

Roaches, Waterbugs, and Ants: Spray heavily in all cracks, around baseboards, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and other localized areas where these insects may be found. Repeat treatment as required.

Carpet Beetles: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Repeat as necessary.

Flies: For outdoor use only. Spray outside surfaces of screens, doors, window frames, and other surfaces where flies alight or congregate.

**CAUTION:** Harmful if swallowed. Avoid contamination of food and foodstuffs. Avoid inhalation or skin contact. Wash thoroughly after using. Do not store in direct sunlight or where temperature exceeds 120 degrees F. Do not puncture or throw container into fire. Combustible Mixture: Do not spray into or near an open flame.
