CONDITIONS OF SALE AND WARRANTY

The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Manufacturer or the Seller. All such risks shall be assumed by the Buyer. Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use subject to the inherent risks referred to above. Manufacturer makes no other express or implied warranty of Fitness or Merchantability or any other express or implied warranty. In no case shall Manufacturer or the Seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. Manufacturer and the Seller offer this product, and the Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of the manufacturer.

GENERAL INFORMATION

For total weed control on certain areas around the home, the business, or workplace where no plant growth is desired, use as specified in label directions. Controls bindweed, common mullein, and other hard-to-kill weeds. Prevents plant growth for up to one year. This product is a nonselective product intended for use after dilution with water, or an appropriate oil, or other approved carrier. For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4-6 inches should be hoed before treatment or it may be necessary to make a second application. A second application may be necessary to control deep-rooted perennial weeds. Use for bare ground vegetation control in driveways, back walks, paths, patios, parking areas, play areas, along fences and curbs, around buildings, and under graveled pathways where plant growth has come through these surfaces

DIRECTIONS FOR USE

It is a violation of federal law to use this product in manner inconsistent with its labeling. For control of annual and susceptible perennial weeds such as downy brome grass, oat grass, goose grass, quack grass, puncture vine, goldenrod, and plantain. To cover 100 sq ft. add 1 to 1-1/2 pts. by use of a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (e.g., 2 1/2 gals. in sprinkling can). For control of hard-to-kill perennial broadleaf and grass weeds such as bindweed and johnson grass as well as the biennials common mullein and wild carrot, use 2 to 2 3/4 qts. in sufficient water to get good coverage. Different grades of mineral oil, diesel fuel, petroleum based oil, fuel oil, or kerosene may be substituted for water.
