# MI-O-GERM

## GERMICIDAL DETERGENT

EPA Reg. No. 527-88

527-88 REGULATED FOR INSTITUTIONAL AND INDUSTRIAL USE

STAPHYLOCIDAL

PSEUDOMONICIDAL

ACTIVE INGREDIENTS:

Nonylphenoxypolyethoxyethanol-iodine complex ..... 18.05%  
(Provides 1.75% titratable iodine)

Phosphoric Acid ..... 16.00%

INERT INGREDIENTS: ..... 65.95%

TOTAL ..... 100.00%

U. S. PATENTS No. 2,931,777; 2,977,315; 3,028,299.

MI-O-GERM is a one-step cleaning and disinfecting formulation for use in institutions where the highest standards in bacterial control must be maintained.

MI-O-GERM contains an iodine germicide in combination with high quality synthetic detergents for fast, effective cleaning and disinfecting. The amber color of MI-O-GERM indicates germicidal activity. When the color fades, prepare a fresh solution.

MI-O-GERM is effective in controlling most bacteria, including Salmonella typhosa, Salmonella choleraesuis, Staphylococcus aureus, and Pseudomonas aeruginosa.

MI-O-GERM is recommended for cleaning and disinfecting all types of floors, walls, wood work, tables, porcelain fixtures (lavatories, tubs, toilet seats), ceramic tile, most metals, including stainless steel. Use MI-O-GERM for general daily cleaning and disinfecting of kitchen areas, patient areas, refuse containers and other equipment.

In Supermarket Sanitation Programs, use MI-O-GERM to clean and sanitize meat cases, cutting blocks and tables, meat slicers, grinders, conveyors, coolers, carts, lugs, saws, mixers, sausage stuffers, choppers, racks, holding coolers, condenser coils, floors, walls, ceilings, all equipment and fixtures.

### DIRECTIONS

**FOR CLEANING AND DISINFECTING:** To clean and disinfect surfaces such as floors, walls, bathroom fixtures, equipment and metals, use 3 ozs. of MI-O-GERM to 5 gallons of water. Scrub surfaces with a mop, brush or sponge. RINSE.

**FOR SANITATION PROGRAMS:** To clean and sanitize food-processing and handling equipment and utensils, use 1 1/2 oz. MI-O-GERM to 5 gallons of water. Thoroughly wet all surfaces. Thoroughly rinse food contact surfaces with potable water.

To sanitize previously cleaned food-processing and handling equipment and utensils, use 1 oz. MI-O-GERM to 5 gallons of water. Thoroughly wet all surfaces. Do not rinse.

**WARNING:** KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Contact with this product may cause skin irritation or damage to eyes. Do not get in eyes, on skin, or on clothing. **FIRST AID:** If swallowed, drink milk, egg whites, or gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately. In case of contact, flush immediately with plenty of water. For eyes, get medical attention. Avoid contamination of food.

Rinse empty container thoroughly with water and discard it.
