TO OPEN BAG—PULL WHITE TAPE  
**NEW Halts Plus** for established lawns  
 Treats 5,000 sq ft / \$00.00

XXX

**NEW** **Scotts**  
**Halts Plus**  
 for established lawns

- ✓ prevents crabgrass - also barnyardgrass, foxtail, goosegrass, chickweed, purslane, lovegrass, witchgrass, lambsquarters, pigweed (redroot)
- ✓ gives full feeding of Turf Builder

**Directions for use**

Apply in winter or spring before the third or fourth mowing of the year—before temperatures are regularly in the 80's. Lawn foliage may be moist or dry but should not be so tall as to touch bottom of spreader.

To insure proper distribution use Scotts spreader (Standard or Automatic Model) at setting **8 1/2**

Slightly overlap spreader wheel tracks for complete coverage. Rain, snow or freezing weather after application does not affect results.

**Precautions**

Do not use on newly seeded lawns. Do not use on lawns that have been treated with other lawn products within 30 days. Do not use on lawns that have been treated with other lawn products within 30 days. Do not use on lawns that have been treated with other lawn products within 30 days.
