Scotts®
Lawn Fungus Control

Controls the following turfgrass diseases:

anthracnose
brown patch
copper spot
dollar spot
pink patch (red thread)
stripe smut
leaf spot

Suppresses the following turfgrass diseases:

Fusarium blight
necrotic ring spot
summer patch

Scotts® Lawn Fungus Control

How and when to apply

Directions for use
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

When to use

For prevention of dollar spot, copper spot, red thread, anthracnose, stripe smut, and brown patch, apply to dry or moist foliage at the **NORMAL RATE** when disease activity is noted or suspected, then repeat at 2- to 3-week intervals. During periods of high day and night temperature and humidity, treatment intervals may need to be shortened to achieve best brown patch control.

For cure of these diseases when symptoms indicate advanced stages, apply at the **DOUBLE RATE** and follow with the **NORMAL RATE** preventive program.

For suppression of summer patch diseases (summer patch, Fusarium blight, and necrotic ring spot), apply to dry foliage at the **DOUBLE RATE** every 30 days (beginning in late spring to early summer). Three to five applications may be necessary for season-long suppression. Water immediately after application and keep turf from becoming drought stressed by watering (1 inch) weekly.

How to use

Apply with a drop-type or rotary spreader. For best results with a rotary spreader, apply during a calm period of the day. If necessary to apply when a breeze is blowing, move in the direction of the wind to prevent material from blowing toward the operator.

Allow one week between application of this and other control products. (This guideline may be relaxed where a severe insect or disease attack requires immediate treatment.)

It is not necessary to water in immediately. However, water is required before product will be activated.

Spreading tips

For best results, use a Scotts spreader

	Spreader Settings		Directions
	NORMAL RATE treats 7,400 sq. ft.	DOUBLE RATE treats 3,700 sq. ft.	
Scotts Drop Spreader	4 3/4	6	Mow lawn first; apply 2 header strips; apply longest direction of lawn, overlapping wheel marks.
Scotts EasyGreen® Rotary	25	26	Make each pass about 30 inches from previous pass to overlap spread width.
Scotts SpeedyGreen® Rotary	3 1/2	4 1/2	Make each pass about 5 feet from previous pass to overlap spread width.

Additional Spreader Settings

- EZ Drop, Republic (#530) 6
- EZ Broadcast, Republic (#540 or #545) 2
- Red Devil Drop (#FH-22) 6
- Red Devil Rotary (#SB-50) 5
- Quaker Drop (Model #10650) 5 1/2
- Quaker Rotary (Model #10301) 3 1/2

(Non-Scotts spreader settings are approximate. You may need to adjust for proper coverage.)

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals: CAUTION, causes eye irritation. Do not get in eyes, on skin, or on clothing. In case of contact immediately wash eyes or skin with plenty of water. Get medical attention if irritation persists. Harmful if swallowed or absorbed through skin. Avoid inhalation.

Environmental Hazard: This pesticide is toxic to catfish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift or runoff from treated areas may be

hazardous to catfish in adjacent areas. Do not contaminate water when disposing of equipment washwaters. Cover or incorporate spills.

STORAGE: Store in a clean, dry place. Reseal opened bag by folding top down and securing.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.
