SCOTTS PROMISE TO YOU:
SATISFACTION OR YOUR MONEY BACK

Scotts
stop

weeds before they start

ADVANTAGES OF SCOTTS®

STOP WEEDS BEFORE THEY START:

Weed prevention. This product will provide broad prevention of many weed problems around flowers, shrubs and trees.

Long-lasting results. Continues to work for an extended period of time — you have more time to enjoy your yard.

Easy to use. See below.

No-Quibble Guarantee. If for any reason you are not satisfied, send evidence of purchase and Scotts will refund your money.

EASY TO USE!

When:

Early spring is best.

One or two repeat applications may be necessary.

Where:

Around flowers, shrubs and trees

How:

Loosen soil and eliminate existing weeds. (Scotts® also offers STOP weeds after they start to eliminate existing weeds.)

Shake evenly onto bare soil. Do *not* apply to any foliage.

Rake in lightly.

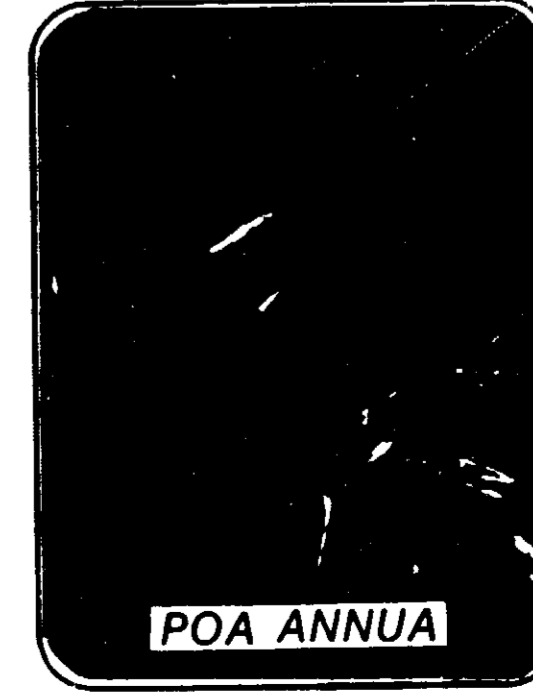

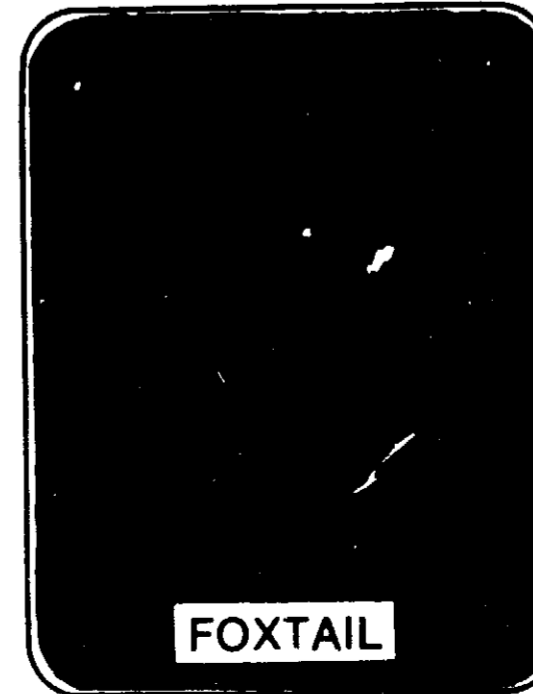

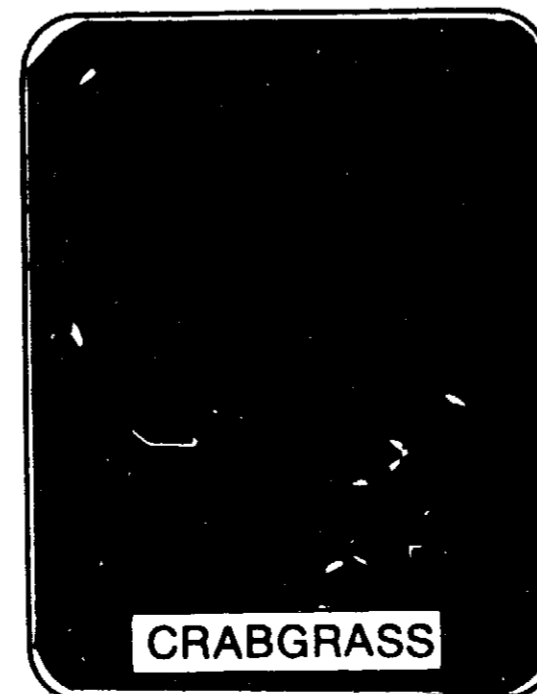

For best results, wet the top one inch of soil.

How Much:

Rake in lightly.

For best results, wet the top one inch of soil.

How Much:

See picture — equivalent to ¼ cup on 25 sq. ft. (5' x 5' area)

APPLICATION RATE (ACTUAL-SIZE)
Sprinkle evenly as shown.

Limitations:

- Does not destroy established weeds. For this, use Scotts® STOP weeds after they start.
- Do not use on seed beds until desirable plants are 3 to 4 inches high.
- Do not use within one week after transplanting.
- Do not apply around bulb plants, ground covers, vegetables or potted plants.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with skin, eyes or clothing. In cases of contact, flush with water. Do not contaminate feed or foodstuffs.

Direct contamination of any body of water with the granular material may kill fish. Do not contaminate any body of water by direct application, cleaning of equipment or disposal of waste. Do not reuse container. Destroy when empty.

Active Ingredient:

Trifluralin (a,a,a-trifluoro-2, 6-dinitro-N, N-dipropyl-p-toluidine) 2.65%

Inert Ingredients: 97.35%

Total 100.00%
