

NET WEIGHT 46½ LBS (21.1 Kg)

The label features the Scotts logo in a white oval on a black background. Below it, the word "ProTurf" is written in large, bold, white letters. The lower half of the label is white with black text. The text reads "24-5-3" in a large, bold font, followed by "fertilizer" in a slightly smaller bold font, "plus" in an italicized font, and "fungicide" in a large, bold font. At the bottom of the white section, there is a small line of text that is partially obscured but appears to say "FOR PROFESSIONAL USE ONLY".

Apply to moist or dry grass.

Putting greens—may be used every two weeks at **NORMAL RATE** during growing season for prevention or control. Interim protection can be achieved with **ProTurf Broad Spectrum Fungicide**. Syringe surface lightly after application to avoid pickup on shoes, golf balls or maintenance equipment.

All other areas—use before fungus damage appears or when symptoms are first noticed. May be repeated every month at **NORMAL RATE**. If disease is severe or more feeding is desired apply at **DOUBLE RATE**.

To control moss—apply anytime at **NORMAL RATE** to moist foliage. Follow up at two week intervals as needed.
