

Mr. Vincent Snyder, Jr.
J.H. Scott & Sons Company
14310 Scottslawn Road
Marysville, OH 43041

OCT 21 1986

Dear Mr. Snyder:

Subject: Additional Brand Name and Text
Super Plus 2 For Grass
EPA Registration No. 538-175
Your Submission Dated October 10, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended is acceptable provided that you:

1. Make the labeling change listed below before you release the product for shipment bearing the amended labeling:
 - Delete the term clean, qualifying the phrase - easy to use granules. It is an implied safety claim.
2. Submit one (1) copy of your final printed labeling before you release the product for shipment under the amended labeling.

A stamped copy of the labeling is enclosed for your records. The additional brand name - Turf Builder Plus 2 Lawn Fertilizer Plus Weed Control is acceptable.

Sincerely yours,

Richard F. Mountfort *RFM*
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (TS-767C)

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

LEFT COLUMN

Application

- . Apply when weeds are actively growing, but not before yellow dandelion blooms have appeared.
- . Apply to moist foliage.
- . Be careful when applying this product near shrubs, flower beds or vegetable gardens as weed control may damage these desirable plants.
- . Do not over apply, especially under the drip zone of desirable shrubs and trees as some of the control ingredients are root absorbed.
- . Don't use on creeping bentgrass lawns or on newly seeded and sodded lawns until after the fourth mowing. Don't plant grass for one month after using this product and don't apply when daytime temperatures are consistently 90 degrees or above.

Watering or Rain

- . Do not water your lawn for 24 hours after application. Water will wash the weed control off the weed's leaves and reduce the effectiveness of this product.
This product should not be applied if rain is expected within the next 24 hours.

RIGHT COLUMN

Tips on Spreading

Scotts Drop:

- . Do not apply during windy days.

~~First apply 2 header strips:~~

(ILLUS.)

(ILLUS.)

- . Overlap spreader application area to avoid strips of untreated lawn.
- . Shut off spreader when you reach the header strip or any time you stop.

BACK CONTINUED:

Scotts EasyGreen™ Rotary:

- Slide shut-off lever to the right, application automatically starts and stops when you do
- Avoid misses by making each pass about 30 inches from the previous one so some overlapping occurs

Scotts Cart Edge Rotary Spreader:

- Remove cap from this cartridge but not the foil seal
- Plug cartridge onto spreader and tighten with sliding holder (ILLUS.)
- Avoid misses by making each pass about 36 inches from the previous one so some overlapping occurs
- Begin walking before turning on; turn off before stopping.
