Treats 1,000 sq ft

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

Apply when weeds are actively growing, but not before yellow dandelion blooms have appeared.

Do not over apply especially under the drip zone of desirable shrubs and trees as some of the control is windborne and not absorbed.

If you have questions

We designed this Program to make having a better lawn at home and on campus as possible. But you may still have some questions about your lawn during the year. If so, you can contact the Staff/Liaison For Campus where you brought this Program. They are ready to answer your questions and provide any help or information that you may need. ——— We can get the answers by talking directly with one of Staff/Liaison members. Simply dial the toll-free number 1-800-543-TURF (In Ohio 1-800-762-6910).

If for any reason you are not satisfied with results after using the product you are entitled to get your money back. Simply mail a statement of reasons and we will send you a refund check promptly.

Now it's easy for you to have a better lawn

Scotts Best Annual Program

Save money
Why even consider a lawn care service? Scotts Annual Program will give you a beautiful lawn for about half the cost.

Simple and easy
No more guesswork. You simply apply the right product -- one Step at a time.

Start anytime
You can start the Annual Program anytime of the year. Just check the month and select the appropriate Step listed below.

Guaranteed results
Each Step is designed for the specific season to help give you a healthier, greener lawn.

- Step 1. Early Spring: February-April**
Control the Winterkill that kills grass -- prevents clump die, root rot, fungal, chinch bugs, and other problems while winter prevents stress. Starts growing for up to 2 months. This is a 3-yr. slow release plus top-dress granules.
- Step 2. Late Spring: April-June**
Scotts Control Plus Fertilizer -- controls dandelions, clover, weeds and other unwanted weeds, while growing your lawn for up to 2 more months. This is a 3-yr. slow release granules.
- Step 3. Summer: June-September**
Scotts Control Plus Fertilizer -- controls weeds, grass, clover, and other unwanted weeds, while growing your lawn for up to 2 more months. This is a 3-yr. slow release granules.
- Step 4. Fall: August-December**
Scotts Control Plus Fertilizer -- controls weeds, grass, clover, and other unwanted weeds, while growing your lawn for up to 2 more months. This is a 3-yr. slow release granules.

Apply Scotts Step 1 or 2 in late spring or early summer for a beautiful lawn. Use the product in the following directions on the Scotts Control Plus Fertilizer 100% granules for the number of years 10 to 15.

OUTER WRAP IN 4-STEP PKG

Just shake it on! No spreader needed!
