Directions for Use

St. Augustinegrass Growth Regulator With Fertilizer

A new labor saver for your St. Augustine lawn! When applied during the growing season, this product stops the growth of St. Augustinegrass for 6 weeks. So you have a well groomed lawn that requires no mowing. You simply apply this product to your lawn with a spreader like you would any granular fertilizer. Then put your lawn mower away for 6 weeks.

Apply to St. Augustinegrass when it is green and actively growing. If grass is tall enough to touch the bottom of the spreader, mow at least 1 day before application. Remove excessive grass clippings and leaves before making treatment.

Apply to grass foliage that is wet from dew, rain, or thorough watering. After application, withhold watering for 24 hours, and don't apply if rain is expected within 24 hours.

Apply product at the spreader settings listed below. Follow straight lines and overlap wheel tracks to avoid stripes of untreated lawn. Do not use a rotary (broadcast) spreader.

- Ortho — 6
- Sears — 8
- Scott — 4¾

Mow the lawn about 1 week after treatment. This is the only mowing required for uniform height for 6 weeks.

NET WEIGHT: 4 5/8 lb. 26-3-3

Coverage: 2,000 sq ft.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

PRECAUTIONARY STATEMENT

Hazard to Human and Domestic Animals: CAUTION. Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. **If in eyes:** Flush with plenty of water. Get medical attention if irritation persists. Harmful if swallowed. Do not contaminate feed or foodstuffs. Do not contaminate water used for irrigation or domestic purposes. Do not graze treated areas. Do not feed clippings to livestock.

Environmental Hazards: Do not apply directly to lakes, streams, or ponds. Do not apply when weather conditions favor drift from target areas.

Storage and Disposal: Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store in a clean, dry place. Reseal opened bags by folding top down and securing.

CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

ACTIVE INGREDIENT

N-[2,4-dimethyl-5-[[trifluoromethyl) sulfonyl] amino] phenyl] acetamide 0.49%

INERT INGREDIENTS 99.51%

Total 100.00%

EPA Reg. No. 538-181

EPA Est. 538-OH-1

Guaranteed Analysis

Total nitrogen (N) 26%

0.7% ammoniacal nitrogen

19.0% urea, methylene ureas nitrogen

6.3% water insoluble nitrogen

Available phosphoric acid (P₂O₅) 3%

Soluble potash (K₂O) 3%

Derived from monoammonium phosphate, methylene ureas, urea and muriate of potash.
