Directions for use

LEFT COLUMN

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Controls these grassy weeds as they sprout:

goosegrass crabgrass foxtail

Poa annua barnyardgrass fall panicum

Controls these broadleaf (dicot) weeds as they sprout:

chickweed cudweed hop clover henbit oxalis eveningprimrose prostrate spurge

For use on established bermudagrass (non-winter overseeded), St. Augustinegrass, centipedegrass, zoysiagrass, bahiagrass, and tall fescue.

For goosegrass, crabgrass, and other annual grasses, and germinating dicot weeds, apply in the spring before they sprout. For <u>Poa annua</u>, chickweed..and henbit apply in late summer-early fall before weeds sprout.

Water after application (1/4 to 1/2 inch) to remove granules from the foliage and to move the product to the soil surface. Do not destroy the chemical barrier after application by raking or aerifying.

Do not contaminate feed or foodstuffs. Keep children and pets off treated areas until material is washed into soil and foliage has dried.

Note Carefully

Not for use on cool season grasses or dichondra.

#### BACK CONTINUED:

#### RIGHT COLUMN

This product should not be used on winter overseedings.

This product should not be used on newly seeded or sprigged turfgrass areas or where turf has been severely thinned due to winter damage. Wait until the stand is uniform and dense.

Residual effectiveness requires a delay of four growing months after treatment before reseeding or winter overseeding and five growing months before sprigging.

Product does not control germinated or established weeds.

Limit use to twice yearly allowing at least four months between applications.

## Storage and disposal:

STORAGE: Store in a clean, dry place. Reseal opened bag by folding top down and securing.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from \*he use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
