KEEP OUT OF REACH OF CHILDREN
CAUTION
PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION, causes eye irritation. Do not get in eyes. If in eyes, flush with plenty of water and get medical attention if irritation persists. Wash after handling. May be harmful if swallowed. Do not contaminate feed or foodstuffs. Do not graze treated areas. Do not feed clippings to livestock.

Environmental Hazards: This pesticide is toxic to fish. Do not apply directly to water. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes. In case of spills, either collect for use or dispose of properly.

STORAGE: Store in a clean, dry place. Reseal opened bag by folding top down and securing.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

Now it's easy for you to have a better lawn

Save money

Why even consider a lawn care service? Scotts Annual Program will give you a beautiful lawn for less money.

Start anytime

You can start into the Annual Program anytime of the year. Just check the month and select the appropriate Step listed below.

Simple and easy

No more guesswork. You simply apply the right product - one Step at a time.

Guaranteed results

Each Step is designed to the specific season to give you a healthier, greener lawn.

(ILLUS.)

(The 4 Steps listed below will be placed horizontally in one row.)

step 1. Early Spring February-April

Crabgrass Preventer plus Fertilizer - prevents crabgrass, foxtail, spurge, oxalis, chickweed and other annual weeds while providing deep, thick greening for 2 months.

step 2. Late Spring April-June

Weed Control plus Fertilizer - controls dandelions, clover, chickweed and other broadleaf weeds while greening your lawn for 2 more months.

step 3. Summer June-August

Insect Control plus Fertilizer - controls white grubs, chinch bugs, sod webworms and other lawn insects plus keeps your lawn green through the Summer.

step 4. Fall August-November

Lawn Fertilizer - specially formulated for the Fall - the best time to develop a stronger root system for a healthier, thicker lawn. Helps your lawn green up even quicker next Spring.

step1 DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

LEFT COLUMN

Application

- . Apply to dry foliage. It is not necessary to water in after application.
- . Apply this product in early Spring before the 4th mowing or before temperatures are regularly in the 80's. Rain, snow or freezing weather after application will not affect the performance of this product.
- . Do not seed or sod for four growing months following application. This product can prevent seeds from germinating.
- . On newly seeded or sodded areas, wait until grass has been mowed at least 4 times.
- . Do not use on bentgrass lawns.
- . Do not apply to shrubs, flower or garden seed beds or plants.
- . Do not apply this product more than once a year. Allow at least 4-6 weeks between applications of any other product in this Program.
- . Do not apply material to cement, stone, clothing, or shoes. If contact occurs brush off particles to prevent staining. If necessary, rinse off with water.

Raking

You may rake your lawn lightly to remove grass clippings or debris. But avoid breaking the soil surface in your lawn for 4 months after application. Heavy raking will disturb the crabgrass barrier and reduce the effectiveness of this product.

RIGHT COLUMN

Tips on Spreading

Scotts Drop:

- . First apply 2 header strips.
- . Overlap spreader application area to avoid strips of untreated lawn.
- . Shut off spreader when you reach the header strip or any time you stop.

(ILLUS.)

(ILLUS.)

EasyGreen™ Rotary:

- Slide shut-off lever to the right, application automatically starts and stops when you do
- Avoid misses by making each pass about 30 inches from the previous one so some overlapping occurs
