CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION. Causes eye injury. Avoid contact with eyes, skin, or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. May be harmful if swallowed. Avoid inhalation. Do not contaminate feed or foodstuffs.

Environmental Hazards: Do not apply directly to lakes, streams, or ponds. Drift of runoff may adversely affect non-target plants. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwaters.

STORAGE: Store in a clean, dry place. Reseal opened bag by folding top down and securing.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

plus 2 (R) FOR LAWNS  
BRAND

weed control plus lawn fertilizer

**Advantages of Turf Builder plus 2(R) for Lawns**

LEFT COLUMN

**SUPERIOR QUALITY**

SMALL LIGHTWEIGHT GRANULES MEAN BETTER WEED CONTROL. Most lawn weed controls must be absorbed through the weed's leaves to be effective. Turf Builder plus 2(R) for Lawns granules are small and lightweight so they will stay on even the smallest weed leaves. And each Turf Builder plus 2(R) for Lawns granule contains weed control and America's favorite lawn fertilizer.

SCOTTS TRIONIZED (R) II FORMULA PROVIDES A MORE EFFICIENT NITROGEN THAN EVER BEFORE. This means Turf Builder plus 2(R) for Lawns now promotes quick, deep greening while feeding your lawn as it needs to be fed.

TURF BUILDER PLUS 2(R) FOR LAWNS PROVIDES UP TO TWO MONTHS OF GREENING. The nitrogen in Turf Builder plus 2(R) for Lawns is time-released to help keep a supply of this essential nutrient available to your lawn. This means that your lawn can stay thick and green for up to two months.

EACH TURF BUILDER PLUS 2(R) FOR LAWNS GRANULE CONTAINS NPK AND WEED CONTROL. We bond Scotts unique controlled-release nitrogen (N) with phosphorous (P) and potassium (K) and a weed control, so your lawn receives a safe even feeding, and effective weed control.

(ILLUS.)

(ILLUS.)

Scotts  
Turf Builder plus 2(R) for Lawns  
EVERY GRANULE CONTAINS  
NPK and weed control

Competitive  
Simple Mixture  
EACH GRANULE IS A  
SEPARATE CHEMICAL.

Provides safe, even  
greening with  
uniform weed control.

May cause uneven  
greening and  
spotty weed control.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

APPLICATION

- . Apply anytime weeds are actively growing (when daytime temperatures are consistently above 60°F).
- . Apply on a calm day.
- . Apply to moist grass. To help particles stick to weed leaves the grass should be thoroughly watered or wet from dew before applying Turf Builder plus 2(R) for Lawns.
- . Do not apply on the rootzone areas of shrubs or under the branch spread of trees.
- . Do not use this product on flowers, shrubs, fruit or vegetable plants or on creeping bentgrass, St. Augustine and dichondra lawns. On bermudagrass lawns, under certain conditions, some temporary discoloration may result.

WATERING OR RAIN

Do not water your lawn for 24 hours after application. Water will wash the weed control off the weed's leaves and reduce the effectiveness of this product.

This product should not be applied if rain is expected within the next 24 hours.

SPREADER

Be careful when applying this product near shrubs, flower beds or vegetable gardens as contact with weed control may damage these desirable plants. The Scotts PF Drop Spreaders provide excellent controlled application to protect these areas. When using the EasyGreen™ Rotary Spreader take special care near desirable plants.

RIGHT COLUMN

**IMPORTANT**

**WHAT TO EXPECT**

Weed stems and leaves will begin to twist and curl in a few days, but a month or more may be required for complete control.

This product will not prevent weed seeds from producing new plants.

**EXTREME TEMPERATURES**

Avoid applying when temperatures are consistently above 90 degrees

**SEEDING/SODDING**

Wait until the new grass has been mowed at least four times before applying Turf Builder plus 2(R) for Lawns weed control.

If you are planning to seed, you should wait at least one month after you have applied Turf Builder plus 2(R) for Lawns.

**TIPS ON SPREADING WITH SCOTTS SPREADERS**

**Scotts Drop:**

- First apply 2 header strips
- Operate spreader the longest way of the lawn (ILLUS.)
- Overlap wheels to insure uniform feeding
- Shut off spreader when you have reached the header strips or stopped (ILLUS.)
- Mow lawn first if grass is tall enough to touch the bottom of spreader

**EasyGreen™ Rotary:**

- Slide shut-off lever to the right. Application automatically starts and stops when you do
- Avoid misses by making each pass about 30 inches from the previous one so some overlapping occurs

**Scotts Policy  
No-Quibble Guarantee**

If for any reason you are not satisfied with results after using this product, you are entitled to get your money back. Simply send us evidence of purchase and we will mail you a refund check promptly.
