Turf Builder[®]

W I T H

MOSS CONTROL

MOSS CONTROL PLUS FERTILIZER

- Builds thick, green turf from the roots up without burning your lawn
- Kills moss and helps develop thick, green turf to discourage moss from returning
- Patented formula kills moss that ordinary mixed moss control products miss
- For best results, apply a Turf Builder product four times a year (see back for details)

KEEP OUT OF REACH OF CHILDREN
CAUTION

See back for additional precautionary statements.

ACTIVE INGREDIENT:

Ferrous sulfate monohydrate 17.50%

OTHER INGREDIENTS: 82.50%

Total 100.00%

EPA Reg. No. 538-223 EPA Est. No. 538-OH-1

Made in U.S.A.

Turf Builder[®]
WITH
MOSS CONTROL
MOSS CONTROL PLUS FERTILIZER

Turf Builder® Annual Program

- No more guesswork... apply the right product at the right time for a thick, green, weed-free lawn
- Start anytime... just check the month and apply products at 2 month intervals

Early Spring
(Feb.-April)
Prevents crabgrass and other annual weeds while feeding your lawn. (On the Pacific Northwest, substitute Turf Builder With Moss Control. For St. Augustinegrass, substitute Bonus® 5. For dormant bermudagrass substitute Halo®.)

Late Spring
(April-June)
Kills dandelions and other broadleaf weeds while feeding your lawn. (For St. Augustinegrass, substitute Turf Builder.)

Summer
(June-Aug.)
Kills lawn damaging insects, fleas and Brown Dog ticks while feeding your lawn. For grub control, apply Scott's GrubEx anytime from late-April to mid-August.

Fall
(Aug.-Nov.)
Important time to feed for a thicker, greener lawn.

Directions for use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

How and when to apply

Apply during winter or spring when moss is actively growing.

- It is best to apply when the lawn is moist and tall grass has been mowed to expose low-growing moss. Use the **REGULAR RATE** (covers 5,000 sq. ft.) for normal moss infestations. Use the **HEAVY RATE** (covers 4,000 sq. ft.) for heavy moss infestations.
- Do not apply to a newly seeded or sodded lawn until it has been mowed four times.
- Brush or rinse particles from cement, stone, clothing, or shoes to prevent staining.
- Grass blades may show a temporarily black color, however this condition will disappear after mowing.

The Scott's Difference®

Unlike other fertilizers with moss control, every particle of Turf Builder® With Moss Control contains: Scott's patented timed-release nitrogen, phosphorus, potassium and moss control.

**Scott's Turf Builder®
With Moss Control**

Turf Builder With Moss Control particles deliver the same ratio of nitrogen, phosphorus, potassium and moss control to every square inch of turf for even, consistent feeding plus better moss control.

Ordinary Mixed Moss Controls
Granules contain different nutrients. Nutrient and moss control granules of different sizes and shapes can separate during application resulting in uneven, inconsistent feeding and moss control.

What to expect

Each uniform granule in this bag contains the necessary active ingredient to control the moss in your lawn as well as Turf Builder fertilizer to help make your lawn thick and green. Each moss plant in your lawn will get thoroughly coated to assure complete, effective control. The moss will turn black and eventually disappear. This product controls only existing moss. To prevent moss from becoming established during winter or spring, apply Turf Builder® with Halo® in the fall (August-December), after temperatures have cooled and fall rains have begun (except in California).

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Hazard to Fish and Domestic Animals: CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

FIRST AID

If in eyes: Flush with plenty of water. Call a physician if irritation persists.

If swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If on skin: Wash with plenty of soap and water. Get medical attention.

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

Environmental Hazards: Do not apply directly to water. Do not contaminate water by cleaning of equipment or washwater or rinsate. Apply this product only as specified on this label. **STORAGE:** Store in a clean, dry place. Reseal opened bag by folding top down and securing. Do not contaminate feed or foodstuffs.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

Spreading Tips

For best results, use a Scott's spreader

Spreader Settings

	REGULAR RATE covers 5,000 sq. ft.	HEAVY RATE covers 4,000 sq. ft.	DIRECTIONS
Scotts AccuGreen® Drop Spreaders	5	5 1/2	Mow lawn first; apply 2 header strips; apply longest direction of lawn, overlapping wheel marks.
Scotts PrecisionGreen® Drop Spreader	4 1/4	5	Mow lawn first; apply 2 header strips; apply longest direction of lawn, overlapping wheel marks.
Scotts EasyGreen® Rotary Spreader	27	28	Make each pass about 30 inches from previous pass to overlap spread width.
Scotts SpeedyGreen® & EdgeGuard™ Rotary Spreaders	3 1/2	4	Make each pass about 5 feet from previous pass to overlap spread width.

Additional Spreader Settings:

EZ Drop, Republic (#530)	4 1/2
EZ Broadcast, Republic (#540)	3
Scotts Broadcast Tractor Spreader	3

(Non-Scott's spreader settings are approximate. You may need to adjust for proper coverage.)
