U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Registration Number:
 538-318

Date of Issuance:
 OCT 21 2010

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:
 Conditional

Name of Pesticide Product:
 SNAP PAC Fertilizer with
 Crabgrass Preventer

Name and Address of Registrant (include ZIP Code):

The Scotts Company LLC
 14111 Scottslawn Road
 Marysville, Ohio 43041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3 (c) (7) (A) provided that you:

1. Submit and/or cite all data required for the registration/ reregistration review of your product when the Agency requires all registrants of similar products to submit data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the EPA registration number to: 538-318.
3. Add "Intended" in front of "For Residential Lawn Use Only".
4. Change "for" to "until" in pesticide storage statement.

Signature of Approving Official:

 Kathryn V. Montague, Product Manager 23
 Herbicide Branch
 Registration Division (7505P)

Date:

OCT 21 2010

5. Under "Fertilizer Claims":
 - a. Add "May" before "Improves", so that it reads: "May improve lawn's ability..."
 - b. The statement "Makes the most of Every Drop" needs to be qualified. Drop of what? How?

6. Under "Cartridge Claims":
 - a. "Get a beautiful lawn...with less effort" needs a qualifier. Than what?
 - b. Remove all comparative claims unless qualified by naming another Scott's product.

7. NOTE: While no additional data is being requested at this time, marketing claims made on the pesticide label must be substantiated by data maintained in your files. If data supporting marketing claims made on the product label is not available then those claims must be removed.

8. Submit the results of one year storage stability (830.6317) and corrosion characteristics (830.6320) studies on completion. It is recommended that observations be made at 0, 1, 3, 6, 9 and 12 month intervals.

9. Submit one (1) copy of the revised final printed label before the product is released for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store product in clean, dry place for your next application. Product can be used until empty.

PESTICIDE CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[FIRST AID AND ENVIRONMENTAL INFORMATION/HAZARDS]

[Keep Out of Reach of Children]

[CAUTION]

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Harmful if inhaled. Avoid breathing dust. Remove and wash contaminated clothing before reuse. Prolonged or repeated skin contact may cause allergic skin reactions in some individuals.

First Aid

If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment. [Call: 1-XXX-XXX-XXXX]

Environmental Hazards

This pesticide is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems. Do not apply when weather conditions favor drift from treated areas.

Note to PM:

Bold, italicized text is information for the reviewer and is not part of the label.
[Bracketed information is optional.] Text separated by "/" denotes and/or options.

-Begin Directions for Use-

DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

This package applies 2.9 pounds of product per 1,000 sq. ft and 0.25 pounds of Dithiopyr per acre.

- IN NEW YORK, the maximum application rate of Dithiopyr is 0.25 pounds of active ingredient per acre per year. Do not make more than 1 application of this product to the same area in the same year.
- FOR ALL OTHER STATES, the maximum number of applications is 2 per year. Allow at least a 4 month interval between applications.

USE PRECAUTIONS

- People and pets may re-enter lawn after granules are watered in and treated area has dried or dusts have settled
- Do not use grass clippings as mulch around vegetables or fruit trees

WHEN TO APPLY

- Wait at least 12 weeks after using this product before reseeding, overseeding or sprigging of grass into areas that have been treated
- In New York, product may be applied only in the early Spring OR early Fall for the prevention of weeds
- In all other states the product may be applied in early Spring and early Fall for the prevention of weeds
- To prevent listed weeds other than crabgrass, application must be made before weeds emerge
- Product will provide up to 4 months control of listed weeds when used as directed, although length of control can be affected by weather, grass conditions and weed pressures

WHERE TO APPLY

- Apply [only] to lawns that are well established
- When applying around ponds or other bodies of water, do not apply in windy conditions or where product can run off into water

HOW TO APPLY

- Each pass should be within 5 feet of another pass to ensure proper overlap
- Use of product on lawns or grass that has been weakened or stressed by drought, excessive temperatures or pests increase chance of injury to grass
- [This product]/Snap Pac Fertilizer with Crabgrass Preventer forms a protective barrier on the soil. Raking the lawn will scratch/disturb the barrier and reduce its effectiveness.
- For best results, water within 2-3 days after application

The following heading will be listed on the FPL followed by any or all weeds listed below [with icon]

WEEDS PREVENTED

[Pre- and Early Post-Emergent]

Crabgrass [smooth, large, Southern]

[Pre-Emergent]

Annual Bluegrass	Chickweed	Goosegrass	Prostrate Spurge
Annual Ryegrass	Common Lespedeza	Green Foxtail	Redroot Pigweed
Barnyardgrass	Common Purslane	Henbit	Sheepspurge
Bittercress	Corn Speedwell	London Rocket	Smutgrass [seedling]
Buttercup Oxalis	Crabgrass [smooth, large, Southern]	Mustard	Spotted Spurge
Carolina Geranium	Creeping Oxalis	Parsley-piert	Yellow Foxtail
Carpetweed	Crowfootgrass	Pineapple-weed	Yellow Woodsorrel

Note to PM: Product will be sold for use only with the cartridge system, therefore calibrating to the correct amount of product automatically. Because of the cartridge system, spreader settings are not required.

OPTIONAL TEXT AND CLAIMS

The following claims may appear on any label panel.

Appropriate fertilizer, formula and company specific information will be inserted on Final Printed Label to replace "X"

Bold, italicized text is information for the reviewer and is not part of the label.

[Bracketed information is optional.] Text separated by "/" denotes and/or options.

12
13

APPLICATION CLAIMS

- Apply in [early] Spring [and [early] Fall]
- Apply product to dry grass and then water it in within 2-3 days to create a barrier on the soil
- One application provides season long control/prevention
- One application prevents/controls crabgrass [and other listed weeds] from growing for [up to] 4 months
- One application prevents/controls crabgrass [and other listed weeds] for a season
- Use before or after germination of crabgrass for pre-emergent and early post-emergent prevention/control
- Non-Burning Formulation (when used as directed)
- Non-Staining Formulation
- For best results, water lawn within 2-3 days after application
- For best results, if planning to seed, sod, or sprig, wait at least 12 weeks after you have applied

PESTICIDAL CLAIMS

- Also [controls/prevents] other grassy and broadleaf weeds such as annual bluegrass, goosegrass, yellow foxtail, spotted spurge, chickweed, oxalis, henbit and other weeds listed on this label
- Controls/prevents crabgrass and other listed weeds
- Controls/prevents crabgrass, oxalis, spurge, chickweed, henbit, and other listed weed grasses and broadleaf weeds
- Controls/prevents crabgrass for [up to] 4 months
- Controls/prevents weeds while feeding your lawn
- Crabgrass control for home lawns
- Pre- and Post-Emergence control/prevention of crabgrass
- Prevents/controls crabgrass for us to 120 days
- Prevents crabgrass and other weed grasses
- Provides [up to] 4 month control of crabgrass and other listed weeds
- Stops crabgrass and many other weed grasses and broadleaf weeds before they start
- [Up to] 4 months of crabgrass and weed control/prevention
- Prevents crabgrass [up to] 4 weeks after germination
- Stops Crabgrass before it starts
- Prevents Crabgrass all season
- Weeds controlled/prevented [include/including] *insert any weed from weed list*
- Controls/prevents [the following] [these] [X (*insert number corresponding to weeds listed on FPL*)] [of] [common/grassy weeds]] [*insert any weed from weed list*]
- Controls/prevents [grassy] weeds such as/including *insert any weed from weed list*
- This product/Snap Pac Fertilizer with Crabgrass Preventer provides nutrients your lawn needs to grow thick and green while forming a protective barrier on the soil that blocks crabgrass and other listed weeds from growing
- This product/Snap Pac Fertilizer with Crabgrass Preventer will prevent crabgrass up to the first tillering, which is when crabgrass is first visible in lawn or turf.
- This product/Snap Pac Fertilizer with Crabgrass Preventer will provide season long Crabgrass prevention, up to 4 months when used as directed, although length of control can be affected by weather, grass conditions and weed pressures.

FERTILIZER CLAIMS

- Builds strong, deep roots
- Contains time-released nitrogen for prolonged, even feeding
- Encourages early spring green-up
- Feed regularly for your best lawn
- Feeding with Scotts fertilizer helps grow a thick lawn with more roots to better absorb water and nutrients than an unfed lawn. This helps protect your lawn against heat, drought and other stresses
- Feeds for a thick, green lawn
- Feeds your lawn with time-released nitrogen for extended greening
- For a thick, green weed-free lawn
- Formulated with/Contains [Scotts®] Poly-S® technology for longer lasting greening/feeding
- Greens fast & lasts
- Grows strong roots
- Helps build a stronger, deeper root system.
- Improves Lawn's Ability to Absorb Water & Nutrients [than an unfed lawn]
- Makes the Most of Every Drop^(TM)
- [Nitrogen (N)] Contains controlled/timed-release nitrogen for growing a thick green lawn
- Nitrogen (N) For Deep Green Color

13

FERTILIZER CLAIMS (cont.)

- Phosphorus (P) For Strong Roots
- Phosphorus (P) improves root growth & plant storage capacity.
- Potassium (K) improves plant hardiness & drought resistance
- Potassium (K) For Overall Plant Health
- Promotes thick, green lawns
- Quick greening & extended feeding for up to 8 weeks.
- Controlled/timed-release fertilizer/nitrogen for long lasting results
- Water Smart(TM) [graphic of water drop]
- Well-fed lawns are more efficient at using available water.

Note to PM: The following cartridge claims may be preceded by "new" or "now" for six (6) months in accordance with Federal and State Registrations

CARTRIDGE CLAIMS

- A snap/easy to start/apply/finish/store
- [All you have to do is] [just] pop it on, flip the lever and go!
- Automatic spreader setting delivers
- Available in your choice of [x] formulas/cartridges/snap™ pac [s]
- Cartridge/product can be used until empty
- Cartridge/snap™ pac locks into place [and automatically sets the proper feeding/application rate]
- Compact size fits easily in storage areas
- Easy/simple to use
- [Flip the lever to lock cartridge into place] [ICON]
- For many, fertilizing/feeding the lawn is a [big] chore.
- Get a beautiful/thick/green/strong lawn with [far] less effort
- If additional cartridges/snap™ pacs are needed to complete/finish your lawn application, simply flip/slide lever back [to release/unlock/re-seal/seal/close cartridge] [from spreader/applicator] [ICON]
- Insert/connect new cartridge/snap™ pac [s] [lock into place] [and go] [and continue applying] [ICON]
- [Insert name/Self-contained/Lock/Snap & Go] cartridge/system [connects directly to the spreader/applicator] [locks into place] [and] automatically sets the proper feeding/application rate.
- It's easy to get started
- [It's/insert name is] the revolutionary/patented/specially designed/exclusive/lightweight/self-contained/no-mess/no touch/no guess/guess-proof/mess-proof/lock/snap & go [fertilizing/feeding/fertilizer/lawn care] [cartridge/snap™ pac /application/applicator/spreader] system.
- [It] transform[s] the way you [feed/fertilize/take care of] your lawn [making it easy/easier] [than ever before] [to get a beautiful/thick/green/strong lawn]
- [It] Take[s] the mess/guesswork out of feeding/fertilizing/lawn care [your lawn] [[so you get [the]] right application rate/great results/a beautiful/thick/green/strong lawn]]
- [It's] Ready to go when you are
- [It's] The easy/easier way to a beautiful/thick/green/strong lawn
- [It] Makes it easier to get a beautiful/thick/green/strong lawn
- It's easy/easier [than ever before] [to get the (the right application rate)/(great results)]
- Leave the old way of fertilizing/feeding/lawn care behind
- Lock/snap & Go
- No burn application
- No guess/mess application
- No manual spreader/applicator settings [to adjust]
- No mess/guess/hassle
- No mess start/finish
- Now, getting a [beautiful/thick/green/strong] lawn is easy/easier [than ever before]
- No touch/spill/ waste storage [with the [unique/self-sealing] cartridge/snap™ pac/system]
- [Now] [there's] [a/the] quick/quicker/fast/faster way to feed/fertilize/care for your lawn
- [Now] [there's a/the] revolutionary [new] way to take care of/feed your lawn
- Once empty, cartridges/snap™ pacs cannot be reused
- Proper feeding/application rate is set automatically [with the [insert name/self-contained/Lock/Snap & Go] [cartridge/system]
- Reduces the mess/inconvenience/effort/hassle of fertilizing/lawn care
- Snap™ Pac /Cartridge

- You're ready to go
- Your hands don't have to touch the fertilizer/product

[Lawncare Information:] [Water Smart®] Tips for Lawncare Success:

- Feed regularly for your best lawn – Regular feedings of Scotts [fertilizer] will help build a lawn you and your family can enjoy. Scotts [fertilizer] provides the nutrients your lawn needs to look its best and withstand the stresses of weeds, heat, drought, and family activity.
- Mow your lawn high. Mowing high allows the grass to develop a deep root system & helps your lawn use water more effectively.
- Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.
- Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn.

[art] one annual feeding

[art] 2-3 annual feedings

[art] 4 annual feedings

The Scotts Advantage

Scotts has been the leader in helping homeowners enjoy their lawns for more than 140 years. Scotts is guaranteed to provide even feeding and greening with the right balance of essential nutrients in every particle. When you fertilize, your lawn will become thicker, with deeper roots to better absorb water and nutrients.

Dedicated To A Beautiful World™

Trusted by generations of homeowners, Scotts is dedicated to helping enhance and protect the beauty of your home environment. – Scotts®
