Marysville, OH 43041

Subject: Registration Review Label Mitigation for Fluazifop-p-butyl  
Product Name: SC 1344  
EPA Registration Number: 538-343  
Application Date: December 9, 2020  
Decision Number: 568785

Dear Ms. Slack:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Fluazifop-p-butyl Interim Decision and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

EPA Reg. No. 538-343

[Herbicide]  
[Weed and Grass Killer] [Fence and Yard Edger]

# SC 1344

TO PREVENT ACCIDENTAL POISONING; NEVER STORE THIS PRODUCT IN FOOD, DRINK OR UNLABELED CONTAINERS.

## ACTIVE INGREDIENTS

Diquat dibromide .....2.53%  
Fluazifop-P-Butyl.....0.84%  
Dicamba, Dimethylamine salt .....0.67%

OTHER INGREDIENTS .....95.96%  
Total ..... 100.00%

This product contains:

0.12 lb diquat cation per gallon or 1.4%  
0.07 lb fluazifop-p-butyl per gallon or 0.82%  
0.047 lb dicamba acid equivalent per gallon or 0.55 %

**KEEP OUT OF REACH OF CHILDREN**

## CAUTION

See additional precautionary statements and directions for use [on back of container] [in booklet].

[Bracketed information is optional.] Text separated by / denotes and/or options.

<b>FIRST AID</b>	
<b>If on skin</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If inhaled</b>	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If in eyes</b>	<ul style="list-style-type: none"> <li>• IMMEDIATELY hold eye open and rinse thoroughly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment.</li> </ul>
<p><b>NOTE TO PHYSICIAN</b>                      If in eyes, treat symptomatically. Symptoms may develop gradually. Severe damage may be caused by apparently trivial contact and healing may be delayed. Medical supervision should be continued until healing is complete.                      Have the product container or label with you when calling poison control center or doctor, or going for treatment. You may also contact 1-877-465-5161 [alternate phone number] for emergency medical treatment information.</p>	

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. May cause eye irritation. Avoid contact with eyes. Protective eyewear is strongly recommended when mixing and applying this product.

#### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

**GROUND WATER ADVISORY:** This chemical has properties and characteristics associated with chemicals detected in groundwater. This chemical may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow.

**SURFACE WATER ADVISORY:** This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a high potential for reaching surface water via runoff.

A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of fluazifop-P-butyl from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall or irrigation is expected to occur within 48 hours

**NON-TARGET ORGANISM ADVISORY:** This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift

#### ***[WARRANTY INFORMATION]***

**NOTICE:** To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

## DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

- Read entire label before using this product.

### USE RESTRICTIONS

- **DO NOT** allow people or pets to touch treated plants or enter the treated area until sprays have dried.
- **DO NOT** apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- **DO NOT** use measuring utensils including cups and spoons for food purposes after use with pesticides.
- **DO NOT** mow, cut or disturb treated vegetation for at least 7 days following application.
- **DO NOT** use on or around food or feed crops.
- **DO NOT** apply more than 10 fl oz of product per 350 sq ft in a single application. 10 fl oz of product contains 0.0168 lb diquat dibromide, 0.0056 lb fluazifop-p-butyl, 0.0044 lb dicamba.
- **DO NOT** apply more than 20 fl oz per 350 sq ft per year (2 applications of 10 oz). 20 fl oz of product contains 0.0336 lb diquat dibromide, 0.0112 lb fluazifop-p-butyl, 0.0088 lb dicamba.
- If retreatment is necessary, wait 28 days before making a second application.
- **DO NOT** make more than 2 broadcast applications per year.
- **DO NOT** apply more than 1.125 pounds of fluazifop-P-butyl per acre per year.

### Rate Conversion Chart

<i>fl oz product</i>	<i>lb diquat dibromide</i>	<i>lb fluazifop-p-butyl</i>	<i>lb dicamba</i>
5.0	0.0084	0.0028	0.0022
10.0	0.0168	0.0056	0.0044
20.0	0.0336	0.0112	0.0088
32.0	0.0538	0.0179	0.0139
64.0	0.1075	0.0357	0.0278

### SPRAY DRIFT ADVISORIES

THE APPLICATOR IS RESPONSIBLE FOR AVOIDING OFF-SITE SPRAY DRIFT. BE AWARE OF NEARBY NON-TARGET SITES AND ENVIRONMENTAL CONDITIONS.

#### IMPORTANCE OF DROPLET SIZE

An effective way to reduce spray drift is to apply large droplets. Use the largest droplets that provide target pest control. While applying larger droplets will reduce spray drift, the potential for drift will be greater if applications are made improperly or under unfavorable environmental conditions.

#### HAND HELD TECHNOLOGY APPLICATIONS

Take precautions to minimize spray drift.

### HOW IT WORKS

[[The three active ingredients in] [The dual action of] [The dual activity of]] SC 1344/this product [provide[s] broad-spectrum control of] [kill[s]] [most] [common] [all types of] weeds and grasses. One ingredient works on contact with visible [results] [burn] within hours. The other two ingredients are absorbed and move within the plant, penetrating deep to kill down to the root. [Insert Marketing Claim from list below]

## WHERE TO USE

- [Around perennial landscape plants, shrubs, or trees]
- [Patios, walkways, driveways]
- [Gravel or mulch beds]
- [Along fences, around buildings]
- [Preparing landscaped areas]
- [Lawn renovation]

## HOW TO MIX

- [Shake gently before using.]
- Use a tank sprayer made of plastic, aluminum or stainless steel.
- [Remove tamper evident band on bottom of cap.]
- [To measure the right amount of product,] use the [convenient] [easy-measure] cap with volume markings [(inside)].]
- For established and difficult to control weeds, add 10 fl. oz. ([1¼ cups] [20 tablespoons]) to 1 gallon of water.
  - Spot treat or spray uniformly over 350 sq. ft.
- [For easy to control weeds, including seedling weeds] [For weed control], add 5 fl. oz. ([½ cup + 2 tablespoons] [10 tablespoons]) to 1 gallon of water.
  - Spot treat or spray uniformly over 350 sq. ft.
- [To clean sprayer, rinse sprayer and all parts with water three times. Spray rinse water on bare soil or gravel.]

### Hose End Dial-Type Sprayer [Optional]

- Set sprayer to the fl. oz./gallon rate.
- Add enough SC 1344/this product to spray your treatment area.
- Close sprayer, attach to hose and apply.

### Concentrate Plus Water Type Sprayer [Optional]

- Add SC 1344/this product into the sprayer jar to the required fl. oz. level.
- Add the required amount of water to the gallons level.
- Replace sprayer top on jar and apply.

### Hose End Spray Product [Optional]

- [**Shake container well** before each use.]
- **Connect a garden hose** to the [Hose End Sprayer] nozzle. Make sure the dial on the hose end sprayer is in the “OFF” position [with the safety tab in the valve notch].
- **Turn on water at faucet.** Extend hose to the farthest area to be treated and work back toward the faucet so you don’t come in contact with the treated area.
- **To begin spraying,** point nozzle toward treatment area and [1.) Bend the safety tab back with your thumb, 2.) Hold safety tab back while turning dial counter clockwise until it stops.] turn the hose end sprayer to the “ON” position. Water will automatically mix with the product.

***Bold, italicized text is information for the reader and is not part of the label.***

[Bracketed information is optional.] Text separated by / denotes and/or options.

- **Spray until wet.** Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
- **To stop spraying,** quickly turn the [dial counter clockwise until it stops and the safety tab engages into the notch on the valve] [hose end sprayer to the “OFF” position]. Turn water off at faucet. To relieve pressure before removing nozzle from hose, [bend the safety tab back and turn dial “ON”] [turn the hose end sprayer to the “ON” position] until water stops spraying.

## HOW TO APPLY

- Spray only the weeds you want to kill. Thoroughly wet the foliage to cover but **DO NOT** spray to runoff.
- For best results, apply when weeds are actively growing and when the air temperature is above 60°F.
- **DO NOT** spray plants you desire to keep. You may use a cardboard or plastic shield to protect desirable plants from spray.
- Apply when air is calm to prevent drift to desirable plants.
- If desirable plants are accidentally sprayed, rinse them off immediately with plenty of water.
- **DO NOT** apply this product via backpack sprayer.

## WHAT TO EXPECT

- Sprayed weeds begin to [wilt] [die] within hours after application, with complete kill within [days to] 1-2 weeks.
- A single application controls most [listed] weeds.
- Rainproof: rainfall or watering [15/30] minutes after application will not reduce weed control.
- Perennial landscape plants, trees, and shrubs may be planted 1 day after application.

## LAWN RENOVATION/REPLACEMENT

Use SC 1344/this product to kill grass and weeds before planting new lawn.

- **DO NOT** mow within [1 week] [7 days] before spraying or [1 week] [7 days] after spraying.
- Use 10 fl. oz. ([1¼ cups] [20 tablespoons]) to 1 gallon of water for each 350 sq. ft.
- If soil is dry, water every other day for a week before application.
- Wait 7 days after last application to rake, till, or replant with seed or sod.

## STORAGE AND/& DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

### **Pesticide Storage**

Store in a cool, dry place. Keep container closed and away from food, feedstuffs, and domestic water supplies.

### **Container Handling (*consumer products*)**

**If empty:** Nonrefillable container. Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or [1-800-888-8372 [Alternate phone number]] for disposal instructions. Never place unused product down any indoor or outdoor drain.

### Comprehensive List of Marketing Claims [Optional]

***The following claims may or may not appear on any label panel or in advertising. Appropriate formula and company specific information will be inserted on Final Printed Label to replace "X".***

1. Absorbed into both broadleaf and grass weeds
2. Experience the SC 1344 Advantage ([peel back this panel for details] [see details inside/underneath this booklet] [see details on back panel])
3. Peel/Open Here
4. [Open] Resealable Label for Directions and Precautions
5. Press to Reseal
6. Kills [annual and perennial] weeds, grasses and other unwanted plants
7. For weed control - kills weeds and grasses in [1-2 weeks] [2-4 weeks] - roots and all
8. [Proven] [Trusted] performance
9. Guaranteed effective: Kills [over 150] [over 175] types of weeds and grasses, roots and all, with just one application
10. One application kills [over 150] [over 175] types of weeds and grasses, roots and all
11. Kills [over 150][over 175] weeds
12. Kills [to] the root [guaranteed]
13. Kills [the toughest weeds and grasses to] the root so [weeds] [they] don't come back
14. Kills the root so weeds don't come back
15. Kills the roots of [both] broadleaf and grassy weeds
16. Kills the weed you see and the root [you don't]
17. Kills unwanted weeds and grasses, roots and all
18. Kills weeds, roots and all
19. Kills weeds and grasses down to the root
20. Kills [all types of] [most/many/common] weeds [and grasses]
21. [A] single application controls most/many/common [listed] weeds
22. Spray the leaves to kill the root
23. Individual results may vary
24. For outdoor residential use
25. No root. No weed. No Problem.
26. Provides maximum control: Kills weeds to the root.
27. Speeds absorption to the root for complete kill
28. Begins [absorbing] [working] on contact
29. Dead [weeds] in a day
30. For weeds that are dead in [a] [one] day
31. [Next day] [This weekend] results: [Begins] [Starts] killing on contact, visible results in/as fast as [1 hour] [2 hours] [3 hours] [4 hours] [24 hours] [hours]
32. [See] [Visible] results in/as fast as [1] [2] [3] [4] hours
33. Works in hours
34. Starts [to kill] [working] immediately
35. Absorbs on contact, starts working immediately
36. Begins to kill on contact
37. Works when absorbed by the foliage of weeds
38. Overnight results
39. Ideal for killing unwanted weeds and grasses throughout your yard.

40. Use along fences; in cracks of walks, drives and patios; and around perennial beds, trees and shrubs
41. Kills weeds around perennial beds, around trees, shrubs and fences, and on patios, paths, sidewalks, sidewalk cracks, walkways, [and] driveways
42. Can be used many places weeds and grasses grow, including patios, walkways, and driveways; along fences; in landscaping beds; or around perennials, shrubs and trees
43. Kills grasses and [broadleaf] weeds in - Patios - Driveways - Sidewalks - Ornamental Gardens
44. [For use on:] Patios, walkways, driveways, sidewalks, ornamental gardens, landscapes
45. [Spray weeds] [Use] in perennial beds, around trees, shrubs and around fences, and on patios, paths, sidewalks, sidewalk cracks, walkways, [and] driveways
46. [Use] For Weed Control: Use along fences, paths, patios, sidewalks and driveways, around trees, shrubs, ornamental plantings, perennial beds and buildings, and in brick and gravel walkways
47. Use to trim and edge landscape areas
48. [Use] For Spot Spraying: Use in and around perennial beds, ornamental trees, shrubs, fences, driveways and walkways
49. For control that [doesn't] [won't] wash away
50. Guaranteed effective results even if it rains within hours
51. Won't be washed away by rain or watering [15 minutes] [30 minutes] after treatment
52. Rainfast/rainproof in [15 minutes] [30 minutes]
53. Rain and waterproof in [15 minutes] [30 minutes or less]
54. Once it enters the plant, it won't wash off
55. Rainfast/rainproof in [15/30] minutes - enters the plant on contact
56. Won't wash off
57. Won't wash away
58. Waterproof
59. Weatherproof
60. Triple-Action [formula]
61. [This product/formula] [combines] 3/three actives/active ingredients [combined] [to] deliver both visible results within hours and deep penetration to kill the roots
62. [3/three/triple] actives/active ingredients [combination]\*
63. [Combines] 3/three/triple actives/active ingredients [combination]
64. Dual Activity
65. Concentrated for extra value
66. Economical concentrate formula
67. Economical
68. [Insert value]% more in each bottle
69. Bonus size [Insert value]% more
70. Twin pack/size
71. Value pack/size
72. Larger size\*[ , covers up to XXXX sq ft] [Note to reviewer: 32 oz treats up to 1120 sq ft, 64 oz treats up to 2,240 sq ft]
73. Fast-acting [formula]
74. Fast-acting formula moves to the root more quickly
75. Quick kill formula
76. Concentrated formula
77. Concentrate
78. Completely kills even the toughest weeds and grasses
