

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

538-346

Date of Issuance:

10/15/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

TURF BUILDER PLUS
FUNGICIDE

Name and Address of Registrant (include ZIP Code):

The Scotts Company
14111 Scottslawn Road
Marysville, OH 43041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 538-346."

Signature of Approving Official:

Shaja B. Joyner, Product Manager 20
Fungicide-Herbicide Branch
Registration Division 7505P

Date:

10/15/21

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 09/01/2020
- Alternate CSFs A – F dated 09/01/2020

If you have any questions, please contact Lindsay DeMers via email at demers.lindsay@epa.gov.

Punctuation and plural/singular word forms may be adjusted to allow for grammatical correctness.

PRECAUTIONARY STATEMENTS

[Hazard icon] Hazard to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear long-sleeved shirt and long pants, socks, and shoes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

[First Aid icon] FIRST AID

If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice

Have the product container or label with you when calling poison control center or doctor, or going for treatment. [Call: 1-877-465-5161]

ENVIRONMENTAL HAZARDS

This pesticide is toxic to freshwater and estuarine/marine fish and aquatic invertebrates. Do not apply directly to water. Runoff may harm aquatic organisms. Do not contaminate water when disposing of equipment wash water or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- [Read entire label before using this product.]
- People and pets may re-enter the treated area after application.
- [This package applies 3.425 lbs. of product per 1000 sq. ft.]

OPTION 1

USE RESTRICTIONS:

- **DO NOT** apply more than 13.7 lbs. of this product per 1,000 sq. ft. in a single year (0.05 lbs. azoxystrobin per 1000 sq ft).
- **DO NOT** apply more than 3.425 lbs. product per 1000 sq ft per application (0.0124 lbs. azoxystrobin per 1000 sq ft)
- **DO NOT** make more than four applications per year waiting at least one month between applications
- **DO NOT** apply if rain is expected within 24 hours after application.
- **DO NOT** apply this product in a way that will contact any person or pet, either directly or through drift.
- Keep people and pets out of the area during application.
- **DO NOT** allow people or pets to enter the treated area until dusts have settled.
- Apply only to actively growing grass.
- **DO NOT** apply to warm season turf species later than one month prior to first expected frost (zoysiagrass, bermudagrass, St. Augustinegrass, centipedegrass, bahiagrass).

WHEN TO APPLY/USE:

- Use this product on home lawns to prevent disease before it appears or to control disease at the first sign of disease.
- [To maintain lawn health/ For best results], begin applications prior to disease symptoms, when conditions are favorable for disease.
- When used as directed, this product is safe to the lawn and controls the diseases listed.
- Consult your local Cooperative Extension Service office or your state's land grant university for assistance with lawn disease identification and specific fungicide timing in your area to control lawn diseases.
- This product can be applied after seeding or at seed germination.
- Water the treated area for 15-20 minutes after application.

Note to PM:

EPA Reg. No. 538-346

Italicized text is information for the reader and is not part of the label.

[Bracketed information is optional.] Text separated by / denotes and/or options.

The term "this product" used throughout this document may be replaced with the marketed product brand name.

Punctuation and plural/singular word forms may be adjusted to allow for grammatical correctness.

HOW TO APPLY/USE:

- Measure the length and width of area to be treated before application. Length X width = square feet. For example, an area 20 ft. wide and 25 ft. long is 500 sq. ft. [Insert optional graphic]
- Refer to the DIRECTIONS FOR LAWN DISEASES/ FOR BEST RESULTS ON LAWN DISEASES table for instructions to control your lawn disease problem. Add the appropriate amount of this product to your granular spreader to cover your square footage of lawn. [This product applies 3.425 lbs. of product per 1000 sq. ft.] Refer to spreader settings to deliver the rate required.
- Uniform coverage is necessary to provide the most effective level of control.
- Product may be reapplied at 28 day intervals.

DIRECTIONS FOR LAWN DISEASES/ FOR BEST RESULTS ON LAWN DISEASES

Disease	Comments
Brown Patch	Apply when conditions are favorable for disease.
Anthracnose Fusarium Patch Gray Leafspot Leaf Rust Powdery Mildew Stem Rust Stripe Rust Summer Patch Necrotic Ring Spot	Begin applications when conditions are favorable for disease infection, prior to disease symptoms.
Pink Patch Red Thread Southern Blight	Apply when conditions are favorable for disease.
Leafspot Melting Out	Apply when conditions are favorable for disease.
Cool Weather Brown Patch Yellow Patch Rhizoctonia Large Patch	Make one or two applications in fall and/or spring or when conditions are favorable for disease.
Fairy Ring	Apply as soon as possible after fairy ring symptoms develop. Severely damaged or thin turf may require reseeding. Fairy ring symptoms may take 2 to 3 weeks to disappear following application. Re-application after 28 days may be required in some cases.
Gray Snow Mold Pink Snow Mold Typhula Blight	Apply twice in the fall prior to snow cover.
Pythium Blight Pythium Root Rot	Begin applications when conditions are favorable for disease infection, prior to disease symptoms.
Spring Dead Spot	Make 1 or 2 applications, with the last application falling approximately one month prior to bermudagrass dormancy. Irrigate with 1/4" to 1/2" of water after application.
Take-All Patch	Apply twice in the fall (typically September and October) and twice in the spring (typically April and May). Treat southern lawns (warm season grasses such as bermudagrass and St. Augustinegrass) twice in the summer (June - August) as well.
Zoysia Patch	Make 1 to 2 applications, with the last application falling approximately one month prior to zoysiagrass dormancy.

END OF OPTION 1

Note to PM:

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry place. Do not store near seeds or foodstuffs.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

SPREADER SETTING INFORMATION OPTIONS

Note to PM: The following are optional formats to present spreader setting information. Appropriate spreader settings, spreader brand names, and coverage will be inserted on Final Printed Label

OPTION 1

Apply 3.425 lbs. of product per 1,000 sq. ft.

Spreader Tips

- For best results, use a Scotts spreader.
- Mow lawn first; apply 2 header strips. Then apply product in longest direction of lawn[, overlapping wheel marks]. Make each pass about 5 feet from previous pass to overlap spread width. Make each pass about 30 inches from previous pass to overlap spread with.
- Close [shut off] spreader when filling, stopping or turning.
- Scotts products are designed to work with Scotts spreaders
- Non-Scotts spreader settings are approximate. You may need to adjust for proper coverage.
- For additional spreader settings, please call 1-800-543-TURF (8873).

Spreader Settings [And information]

OPTIONAL TEXT AND CLAIMS

Note to PM: The following apply to the claims in this section -

- *May or may not appear on any label panel or in advertising.*
- *May be preceded by "new" or "now" for six (6) months following commercial introduction*
- *The following will be interchangeable – plus/+, and/&.*
- *Number may be expressed numerically or as text on the FPL.*
- *The following will be interchangeable – 'your lawn'[s], 'the lawn'[s], 'your grass', and 'the grass'*
- *Appropriate formula and company specific information will be inserted on Final Printed Label to replace "X".*

GENERAL CLAIMS

1. 2 in 1 – [lawn] fungicide plus fertilizer
2. [A/The] feeding routine to keep your lawn healthy/strong
3. A [healthy/wholesome/strong] lifestyle for your lawn with BladeBoost/Blade Boost/ImmunoBoost technology
4. A strong[er] lawn with BladeBoost/ Blade Boost/ ImmunoBoost [Technology]
5. [BladeBoost Technology/ Blade Boost Technology / ImmunoBoost Technology / Azoxystrobin/This product] [supports/helps] your lawn's immune/defense system
6. Fed grass allows [lets] you to have a [healthy][strong][green] lawn your bare feet can approve of
7. Fed grass allows [lets] you [to] enjoy the feel of a [healthy][strong][green] lawn on your bare feet
8. Boost[s]/Raise[s]/Support[s] your lawn's immunity/disease* defense
9. Boost[s]/Raise[s]/Support[s] your lawn's immune health [with a fungicide/azoxystrobin]
10. Boosts your lawn's ability to fight off stress, disease*, damage
11. [Help[s]/Support[s]] your lawns health and feed[s] it
12. Care about [the health of] your lawn
13. Controls major lawn diseases* to build healthy/strong grass
14. Control[s]/Empower[s] lawn health [with BladeBoost/Blade Boost/ImmunoBoost] [Technology] by protecting/fighting [against] disease*
15. Disease Defense [Controls [up to] 1.....27 types of diseases]
16. [BladeBoost/ Blade Boost/ ImmunoBoost][Technology] Designed for lawn health/wellness/vitality/immunity
17. [Helps] Enable[s] grass to withstand [summer] stress
18. For those/people who care about their lawn
19. [BladeBoost/ Blade Boost/ ImmunoBoost][Technology] kick-starts/supports [your] lawn [health]
20. Get your/the lawn in shape
21. Grow a lawn that can defend itself
22. Support[s]/Defend[s] your lawn
23. Help destress your lawn
24. Immune health that resists [lawn] stress/disease*
25. Improve your lawn [health] with [BladeBoost/ Blade Boost/ ImmunoBoost] technology
26. Improves [plant]/[grass]/[lawn] health [by fighting disease*]
27. Invigorate[s]/Build[s] [up] your lawn's immune/defense system
28. Kills/Fights/Defends Against/Prevents disease while [also] nourishing/feeding your grass
29. Lawn health/technology/aid that goes down to the blade/root
30. Lawn health/strength/greening, simplified [easy] when[by] feeding [fertilizing] [nourishing]
31. Fed/Feeding lawns make[s] old [stressed-out] [sad] lawns like new [happy] [healthy] again
32. Nourishes/Defends/Strengthen[s] your lawn, one blade at a time [from tip to root]
33. Power your lawn with [Product Name]
34. [Product Name] making lawns strong[er]
35. [Product Name] for a thriving lawn that can resist disease*
36. [Product Name] changing every blade at the roots
37. [Product Name] Feeds, protects/prevents/defends and transforms your lawn

38. [Product Name] Able to withstand/resist whatever nature throws its way
39. [Product Name] Eliminate disease* for a healthy lawn
40. [Product Name] [BladeBoost/ Blade Boost/ ImmunoBoost][Technology]for a vibrant [, healthy] lawn you can see
41. [Product Name] [BladeBoost/ Blade Boost/ ImmunoBoost][Technology] for a bright[er] [green[er] [, healthy] lawn
42. Protect[s]/Prevent/Fight/Tackle(s) to improve lawn health
43. [Product Name] Protects to deliver/defend/maintain/build lawn health/strength
44. Protects and feeds [the lawn] in the toughest/most stressful conditions
45. Improves your lawn's natural ability to fight [protect against] disease [stress]
46. Strengthens your lawn's immunity/defense
47. Strengthens/Defends/Supports each [grass] blade [of grass] [down to the root]
48. Healthy lawns need a good defense
49. [With/use] BladeBoost/ Blade Boost/ ImmunoBoost] technology for a strong[er/thick[er], green[er]/healthier] lawn
50. With [BladeBoost/ Blade Boost/ ImmunoBoost] [technology] for a lush and healthy/strong lawn

*Refer to back/label for list of diseases

PESTICIDAL CLAIMS

51. What your lawn needs to prevent disease*
52. Azoxystrobin - [while] [it is] [it maybe] hard to say. It is not/isn't hard to understand
53. Begins/Starts working in 24 hours
54. Blade Boost Technology For a healthier lawn (Fungicide supports/defends/protects lawn health)
55. Broad spectrum disease prevention and control
56. Broad spectrum lawn fungicide
57. Broad spectrum fungicide for use on home lawns
58. Broad spectrum fungicide for prevention and control of diseases* on home lawns
59. [Broad Spectrum][and][systemic] disease control on home lawns
60. Controls brown patch [illustration]
61. Controls brown patch and [common][lawn] diseases*
62. Controls [***insert any combination of diseases on label***][and more, as listed]
63. Controls listed diseases [in your lawn]
64. Controls listed lawn diseases
65. Controls [up to] 1.....27 types of diseases
66. Defend/Protect/Prevent/Preserve/Safeguard your/the lawn from disease*
67. Fast acting [formula] - [quick dissolve to] begin/starts working in 24 hours
68. Fights disease* [from within]

[Water Smart Logo]

Well fed lawns are more efficient at using available water. Feeding with [Scotts] fertilizer helps build a thick lawn with more roots to better absorb water and nutrients than unfed lawns. This helps protect your lawn against heat, drought and other stresses.

[Lawn care Information:] [Water Smart®] Tips for Lawn care Success:

Feed regularly for your best lawn – Regular feedings of Scotts Turf Builder will help build a lawn you and your family can enjoy. [Product Name] provides the nutrients your lawn needs to look its best and withstand the stresses of diseases, heat, drought and family activity.

Mow your lawn high. Mowing high allows the grass to develop a deep root system & helps your lawn use water more effectively.

Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.

Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn.

THE SCOTTS STORY OPTIONS

Option 1

Scotts is there for your lawn care needs.

Founded in 1868, we are proud of our long history and celebrate the lawn by offering best-in-class products. [We start with the fundamental truth; your lawn is a living, growing thing.] [We start with the fundamental truth; the lawn is alive].

Our scientists embrace this truth by developing technologies that benefit the lawn and fit your lawn care needs. If you need to feed the lawn - we are here. If you have issues with pesky diseases - we got your back. So if you're a die-hard lawn warrior or a novice learning how to care for your lawn - [let us help.] [We would like to help].

Option 2

Scotts is your go-to for everything lawn care. We're extremely proud of our heritage and proven expertise. And we celebrate this by continually offering industry-leading products-always with the consumer in mind.

We believe the fundamental truth; your lawn is alive. With that in mind, we create advanced technologies and innovative formulas that help create the lawn you've always dreamed of. From feeding and maintaining your lawn to protecting against weeds, pests/insects and disease, we have the best-in-class products and advice to help you successfully care for your lawn this season-and for years to come.

Option 3

Scotts has helped people create the lawn they've always dreamed of. Founded in 1868 by O.M. Scott, we're extremely proud of our rich history and hard-earned reputation. We are honored to be the leader in lawn and garden care for everyone from first-time gardeners to seasoned green thumbs. We do it by developing advanced technologies and innovative formulas - all based on your needs. From feeding and maintaining a hearty, beautiful lawn to banishing pesky diseases, we have the best-in-class products-and expert advice-to consistently make garden care easier and a lot more enjoyable.

PRODUCT DESCRIPTION OPTIONS
