HOW TO USE WITH A SEARS DUSTER

Dust tomato plants thoroughly but lightly when they are set out. . . . repeat at 10 day intervals or as needed. Dust potato plants in similar manner for the control of the same insects and diseases.

For best results use a Sears Duster.

CAN BE USED ON TOMATOES AND POTATOES

Insect or disease: Hornworm, fruitworm, fall army worm, flea beetle, Alternaria leaf spot (early blight), Septoria leaf spot, late blight.

CAUTION

Avoid breathing dust. Avoid contamination of feed and food-stuffs. Remove any residues present at harvest by washing, wiping or other effective means. Do not use within 1 day of tomato harvest.

This product is toxic to fish and wildlife. Keep out of lakes, ponds and streams. Do not apply to any area not specified on the label.

NON-WARRANTY

Conditions of use are beyond seller's control. Seller's liability is limited to product's replacement or purchase price refund. Seller makes no warranty, express or implied, concerning product's use beyond claims on label.
