# DITOX 25-F

**HIGHLY CONCENTRATED FOGGING INSECTICIDE  
FOR RAPID KILL OF RESISTANT INSECTS**

*Contains Malathion, DDVP, and Naled, Patented Insecticide*

**Quickly knocks down and kills resistant insects including Flies,  
Mosquitoes, Wasps and Gnats**

Active Ingredients 100%  
Aromatic petroleum distillate  
Malathion (0, 0 dimethyl dithiophosphate of diethyl mercaptosuccinate)  
Naled\* (1, 2 dibromo 2, 2 dichloroethyl dimethyl phosphate)  
DDVP (2, 2 dichlorovinyl 1 methyl phosphate)  
\*U. S. Pat. No. 2,971,882

## DIRECTIONS

DITOX 25-F is a highly concentrated material and should be diluted before fogging by mixing one gallon of the concentrate with 25 gallons of kerosene, fuel oil, mineral seal oil, or horticultural base oil. Use within a few days after mixing. Do not store diluted spray. Do not mix with water.

**FOR OUTDOOR SPACE SPRAYING AND REDUCTION OF AIRBORNE INSECT POPULATIONS:** For Flies, Mosquitoes, Wasps and Gnats, disperse with fogging apparatus, smoke generator or pressure sprayer.

**WARNING:** Keep out of reach of children.

May be fatal if swallowed, inhaled or absorbed through the skin. Do not spray on humans or animals or near fish bowls. Do not treat food crop areas. Do not contaminate feed, water, foodstuffs, utensils, dishes, or drinking water. Do not breathe spray mist or contact with skin, eyes or clothing. In case of contact with skin or eyes, wash with plenty of water; for eyes, get medical attention. Wash thoroughly with soap and water after handling and before eating or smoking; wear clean clothing. Do not use or store near heat or open flame. Do not smoke while spraying. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal.

This product is toxic to fish. Keep out of lakes, streams and ponds. Apply this product only as specified on this label.

**NOTE:** For use by trained personnel only.
