DEVOID[®]

WEED KILLER

FORETELL[®]

To control most weeds for an extended period of time on non-cultivated areas: Use on Railroad, Highway and Pipeline right of ways, petroleum tank farms, lumberyards, storage areas, or vehicle areas, industrial plant sites, parking lots, fence rows, loading ramps. Degree of control and duration of effect will vary with amount of chemical applied, soil type, rainfall, and other conditions. Use without dilution, or mix with oil or with water for uniform coverage.

DIRECTIONS

Apply any time of year except when ground is frozen. Best results are obtained late in spring or early summer.

Before treating, calibrate equipment to insure uniform coverage. Apply as directed. Use power sprayers, compressed air hand sprayers, knapsack sprayers, or sprinkler can. No agitation or dilution is required. The concentrate may be used as is, without further mixing, or may be diluted with oil or with water before applying. Each gallon of DEVOID concentrate may be diluted with up to 10 gallons of diesel oil or fuel oil or water. Use fuel oil where there is no danger of fire; however, where fire is a concern, or where ground is very dry, use water.

TO CONTROL ANNUAL WEEDS AND GRASSES such as foxtail, ryegrass, wild oats, crabgrass, bromegrass, ragweed, lambsquarter, puncturevine and turkey mullein. Apply 1 to 2 gallons of DEVOID concentrate per 1,000 square feet (40 to 80 gallons of DEVOID concentrate per acre).

TO CONTROL PERENNIAL WEEDS AND GRASSES such as smooth brome, Barn grass, bluegrass, redtop, purple top, quack grass, broom-sedge, aster, dandelion, dog fennel, goldenrod, plantain and wild carrot. Apply 2 to 4 gallons of DEVOID concentrate per 1,000 square feet (80 to 160 gallons of DEVOID concentrate per acre).

TO CONTROL HARD-TO-KILL PERENNIAL WEEDS AND GRASSES such as Johnson grass, Bermuda grass, Dallis grass, nutgrass, Vaseygrass, saltgrass, bouncebet, dogbane, bracken fern and horsetail. Apply 3 to 5 gallons of DEVOID concentrate per 1,000 square feet (120 to 200 gallons of DEVOID concentrate per acre).

Use the higher levels of the dosage ranges on absorptive soils, lower levels in low rainfall areas.

When annual weeds or grasses reappear on treated sites, retreat with as little as 1 gallon of DEVOID concentrate per 1,000 square feet.

CAUTION: Contains petroleum distillates. Harmful if swallowed or absorbed through the skin. Combustible. Causes skin irritation. Do not breathe vapor or spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling. In case of contact wash skin with soap and water; flush eyes with large amounts of water and call a physician. Remove and wash contaminated clothing before re-use.

Do not apply liquid to, or otherwise permit it to come into contact with susceptible plants such as vegetables, flowers, fruit trees, ornamentals, cotton, grapes or other desirable plants and do not permit spray mists containing it to drift onto them. Vapors from this product may injure susceptible plants in the immediate vicinity. Do not apply to areas underlaid by roots of desirable trees and shrubs.

Clean spray equipment thoroughly with a suitable chemical cleaner before using for other purposes (or do not use same spray equipment for other purposes). Do not store near fertilizers, seeds, insecticides or fungicides.

Do not contaminate waters used for irrigation or domestic purposes.

This product is toxic to fish and wildlife. Keep out of lakes, streams, or ponds. Apply this product only as specified on this label. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes.

Do not re-use container. Destroy when empty.

Follow directions carefully. Timing and method of application, weather, crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

Active Ingredients: 91.98%
Petroleum distillate 89.59%
Bromacil* (5-bromo-3-sec-butyl-6-methyluracil) 1.50%
Pentachlorophenol** 0.80%
Other chlorophenols 0.09%
