PURITAN #5142

INDOOR SPACE and SURFACE SPRAY

Contains Synthetic Pyrethroid — Lemon Fragrance
Kills Flies, Mosquitoes, Gnats and German Roaches

Active Ingredients 90.0%
Petroleum distillate; N-octyl bicycloheptene dicarboximide;
Technical piperonyl butoxide*; d-trans Allethrin (allyl
homolog of Cinerin I)

Inert Ingredients 10.0%
Dipentene

*Consists of (butylcarbityl) (6-propylpiperonyl) ether and
related compounds.

DIRECTIONS

Space Spray to Kill Flies, Mosquitoes, and Gnats:
Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Apply with mechanical or compressed air sprayer, or with fogger which gives small particle size. Direct spray upward toward upper corners of room and ceiling. Apply at the rate of 2 fluid ounces per 1000 cu. ft. of space to be treated. Leave room closed for one half hour. Ventilate room thoroughly before re-entry. Repeat as necessary for insect control.

Contact or Surface Spray to Kill German Roaches:
Cover or remove food before application as described under space spray. Apply with a sprayer that gives large wetting droplets. Force spray into cracks and crevices in walls and floors, areas at base of machinery, behind cabinets, around pipes and openings, along baseboards and other insect harborages. Use one gallon of spray per 500

sq. ft. of surface to be treated. In all cases contact as many insects as possible directly with the spray. Repeat applications as necessary for control.

CAUTION: Keep Out of Reach of Children
HARMFUL IF SWALLOWED. DO NOT SMOKE WHILE SPRAYING. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Although flash point of this product is over 130°F., certain precautions should be taken when spraying a dense fog indoors. All fires, flames, pilot lights or other direct sources of ignition should be shut off. Not more than one gallon of product should be used to treat 50,000 cubic feet of space, with proportional quantities for smaller or larger volumes. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Do not use when food processing plants are in operation.

Do not re-use empty container. Wash thoroughly with water and detergent. Destroy it by perforating or crushing. Bury or discard in a safe place (6 gal.). Return 30 or 55 gallon drums to drum reconitioner or destroy by perforating or crushing and burying in a safe place.
