

DIRECTIONS

FOR CLEANING, DISINFECTING AND DEODORIZING IN ONE OPERATION, on environmental surfaces, apply solution of 1 part of VALIANT® to 128 parts of water; that is, one ounce per gallon. Scrub with brush, mop or damp cloth and let solution remain on surface for 10 minutes. Remove and rinse with clear water.

VALIANT® passes all required A.O.A.C. Use-Dilution Confirmation Tests against *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Pseudomonas aeruginosa* at 1 to 128 dilution and therefore is acceptable for many applications in the hospital sanitation program including uses in wash rooms and locker rooms.

D.O.T. description: Alkaline corrosive liquid, n.o.s.

VALIANT

For Hospital Use — Detergent-Germicide
A.O.A.C. Use-Dilution 1:128

Bactericidal — Staphicidal — Pseudomonacidal — Tuberculocidal

Cleans, disinfects and deodorizes in one operation. Non-selective. Kills a wide variety of Gram Positive and Gram Negative organisms. Kills most common pathogenic bacteria, including antibiotic resistant *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Salmonella choleraesuis* and *Mycobacterium tuberculosis*.

Contains No Soap — Free Rinsing — No Excessive Foaming

Use on most environmental surfaces including floors, walls, cabinets, fixtures in hospitals, sanatoriums, sick rooms, operating rooms, contagious disease areas, wash rooms, schools, office buildings, restaurants, factories and institutions.

Active Ingredients	27.35%
Isopropanol	9.40%
Potassium salt of para-tertiary-amyphenol	9.00%
Potassium salt of ortho-phenylphenol	3.25%
Tetrasodium ethylene diamine tetraacetate	3.00%
Triethanolamine dodecylbenzenesulfonate	2.70%
Inert Ingredients	72.65%
Water; Disodium 4-dodecyl-2,4'-oxydibenzene sulfonate; Disodium 2,2'-oxybis (4-dodecylbenzene sulfonate); Perfume; Dye.	

DANGER: Keep Out of Reach of Children.

See first aid and additional precautions on right panel.

Manufactured by **PURITAN CHEMICAL CO.**—Atlanta, Ga. 30318
Baltimore - Cincinnati - Houston - Newark - St. Louis
A DIVISION OF THE DEXTER CORPORATION

DANGER: CORROSIVE. Causes eye and skin damage. Do not get in eyes or on skin. Protect eyes and skin when handling concentrate. Harmful if swallowed.

FIRST AID: In case of contact flush skin or eyes with plenty of water. For eyes, get medical attention. If swallowed give raw egg white, milk, mucilage or cornstarch paste. Call a physician.

Rinse empty container thoroughly with water before discarding or returning drum to drum reconditioner.
