CROCKETS, CUPS, SAUCERS, SINKS, TUBS, SPOONS, AND OTHERS: Spray in cracks, around baseboards and other places where these insects live. Also spray surfaces behind and beneath cabinets, drinking fountains, refrigerators, sinks and stoves. Do not contaminate drinking water. Use on other localized areas infested with these pests. Repeat treatment as required.

FLIES, MOSQUITOES, AGGIES, AND FLYING PUNTS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter the room. Also treat surfaces around light fixtures in porches, receiving platform, in garages, and other places where these insects alight or congregate.

PCE DIAZINON[®] ROACH DUST

For use by Professional Pest Control Operators Only, in industrial locations. Not for household use.

WARNING: KEEP OUT OF REACH OF CHILDREN

ACTIVE INGREDIENTS:

0,0-diethyl 0-(2-isopropyl-4-methyl-6-pyrimidinyl)
phosphorothioate* 5%

INERT INGREDIENTS:

95%
TOTAL 100%

*U.S. Patent No. 2,754,243

DIRECTIONS: To control cockroaches and waterbugs, dust thoroughly those inaccessible areas around water pipes, switch boxes, in cracks and crevices, beneath and behind cabinets and other areas where these insects crawl or hide. Thoroughly clean up any visible powder and all food handling surfaces before resuming operations. Treatment should be repeated as infestation warrants.

WARNING: May be fatal if swallowed. Use this product only after processing has been finished and before cleanup crew begins work. Do not breathe dust. Avoid contact with skin and eyes. May be absorbed through skin. Avoid contamination of feed and foodstuffs. Wash thoroughly with soap and water after handling.

Do not re-use this container. Completely empty the contents and dispose of the unused product so that there is no possibility of contamination of feed, food or water supplies. Crush the empty container and dispose of it in a similarly safe manner.
