(See other precautions on side panel)

E.P.A. Reg.
No. 551-97

DIRECTIONS

For best results immerse
wood to be treated in Penta-
Tox DP for 3 minutes or long-
er. If dipping is not possible,
apply 2 liberal brush or spray
applications. Allow 1 hour
between applications. Make
certain all surfaces are treated.
If treated wood is sawed or
planed, re-treat newly expos-
ed surfaces. Allow a minimum
of 24 hours or longer after
applying PentaTox DP.

Less paint is required over
wood treated with PentaTox
DP.

This product is toxic to fish
and wildlife. Do not contam-
inate water by cleaning of equip-
ment, or disposal of wastes.

Apply this product only as
specified on this label.

Do not reuse empty con-
tainer. Destroy it by perforating
or crushing. Bury or discard in
a safe place away from water
supplies.

Do not use, pour, spill or store
near heat or open flame.
