WARNING

KEEP OUT OF REACH OF CHILDREN

HARMFUL IF SWALLOWED

Causes Skin and Severe Eye Irritation. Avoid contact with skin. Do not get in eyes. If irritation persists get medical attention. If swallowed, do not induce vomiting. Drink large quantities of liquids, avoid alcohol, and get medical attention. Avoid contamination of Food. Do not use in food storage and processing areas. Do not use, pour, spill or store near heat or open flame.

PURPOSES

This Disinfectant is especially prepared for disinfecting and cleaning purposes in public buildings, school houses, churches, theatres, restaurants, hotels, railway cars, steamships, clubs and private dwellings. Disinfectant to be used on hard surfaces such as bathroom fixtures, tile walls, tile floors - Not for use on Asphalt tile or linoleum surfaces.

DILUTION

Do not apply disinfectant until the majority of filth is removed by other means. For disinfecting and cleansing purposes, use 5 tablespoons to 1 gallon of water. When preparing the solution, pour the disinfectant into the receptacle first, then add warm water and stir well. Never use boiling water.

APPLICATION

Apply with sponge, mop, or swab to wet surfaces thoroughly with the recommended use-dilution. It is preferable to apply the solution with a mop, but can be used with rags or cloths, which can be wrung out. When used according to directions, this Disinfectant disinfects, deodorizes and cleanses all in one operation.

KEEP FROM FREEZING

Do not reuse empty container. Wash thoroughly with water and detergent. Discard in a safe place.
