PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (& DOMESTIC ANIMALS) CAUTION

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes, or clothing should be avoided. Wash thoroughly with soap and warm water after handling. Should poisoning occur, get prompt medical aid. Remove pets and cover fish bowls before spraying. Avoid contamination of food, utensils, and food preparation areas.

NOTE TO PHYSICIAN: Atropine sulfate is antidote.

ENVIRONMENTAL HAZARDS

This product is toxic to birds and other wild life. Keep out of any body of water. Do not apply where runoff may occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS:

WARNING—FLAMMABLE. KEEP AWAY FROM HEAT OR OPEN FLAME. DO NOT SMOKE WHILE SPRAYING.

STORAGE & DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage and disposal. Open flame and heat should be avoided.

PESTICIDE DISPOSAL: Pesticide spray mixture and residue that cannot be used or chemically treated should be disposed of in a landfill approved for hazardous waste disposal. Keep away from water supplies.

CONTAINER DISPOSAL: Empty container should be washed, rinsed, and put in trash receptacle.

GENERAL: Use only for the purposes intended. Do not use in areas where children or pets are present.

CAUTION STATEMENT

Do not blow or spray directly at people, animals, or birds. Do not spray directly on people or pets.

NON-FOOD AREAS: Do not use in areas where food is prepared, stored, or consumed. Do not use in areas where food is stored, such as pantries, cupboards, and attics. Do not use in areas where food is stored, such as pantries, cupboards, and attics. Do not use in areas where food is stored, such as pantries, cupboards, and attics.

Apply to surfaces with a spray nozzle. Do not spray directly at people, animals, or birds. Do not spray directly on people or pets. Do not use in areas where food is prepared, stored, or consumed. Do not use in areas where food is stored, such as pantries, cupboards, and attics. Do not use in areas where food is stored, such as pantries, cupboards, and attics.

DO NOT APPLY AS A SPACE SPRAY.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Get medical aid.

IF INHALED: Get fresh air. Get medical aid.

IF ON SKIN: Wash with soap and water.

IF IN EYES: Flush with water. Get medical aid.

NET CONTENTS

DIRECTIONS FOR USE

ROACH SPRAY is a highly effective formulation which provides rapid kill of crawling insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides.

Ants	Earwig	Silverfish
Fleas	Brown dog ticks	Crickets
Roaches	Millipedes	
Spiders	Sowbugs	
Sawtoothed grain beetles	Scorpions	
(exposed stages)	Clover Mites	

In addition, rapid kill **ROACH SPRAY** stays on treated surfaces and kills insects for up to two weeks after the spray deposit has dried.

HOW TO USE ROACH SPRAY is ready to use undiluted and comes from the can and may be applied with either power operated or hand sprayers. Apply as a course spray to infested surfaces until wet, moving the spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants and pets.

RESTRICTIONS Do not apply to rugs, carpets, draperies, wallpaper or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and felt surfaces such as linoleum and floor coverings. Do not allow the small trigger operated plastic attachment type sprayer to remain in **ROACH SPRAY** solution for extended periods as the plastic sprayer may be damaged.

OUTDOOR USE:

ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, MILLIPEDES, SOWBUGS, AND BROWN DOG TICKS. Spray infested areas thoroughly including outside surfaces of screen doors, window frames, porches, patios, or other places where insects may enter. For ants, spray trails and foraging. Repeat as necessary. Do not spray vegetation.

INDOOR USE:

ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, WATERBUGS. Spray around base of units. Apply behind and beneath cabinets, refrigerators, sinks, stove and similar and waste containers. Repeat as needed. Do not spray on wet floors or walls. For ants, spray the sand traps where ants enter premises. Do not allow children to enter treated areas until the spray has dried.

BROWN DOG TICKS. Spray legs of party of person, face, hands, wrists and feet. Treats walls, floors, and furniture. Repeat as needed. Do not spray on wet surfaces and repeat with caution on bedding, upholstery, and curtains. Avoid contact with children and pets. Do not spray on wet surfaces. Avoid contact with children and pets.

WARRANTY STATEMENT

BAIRD & MCGUIRE, INC. warrants that the **ROACH SPRAY** will perform as described on the label. If the product fails to perform as described on the label, BAIRD & MCGUIRE, INC. will refund the purchase price of the product.
