BAIRD'S BACKRUBBER and FACERUBBER OIL is a specially prepared ready to use insecticide suitable for use in all backrubbers and facerubbers.

BAIRD'S BACKRUBBER and FACERUBBER OIL contains Clodrin in the proper blend of colorless, odorless, non-staining oils for control of horn flies and face flies.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Lactating Cows and Dairy Heifers: Place backrubbers and facerubbers strategically around the pasture and/or loafing areas especially near feed bunks or watering facilities. Adjust and charge oilers as directed. Recharge as needed.

For Beef Cattle on Pasture or Range or in Feedlot: Place backrubbers and facerubbers in areas frequently visited by the cattle. Adjust the charge oilers as directed. Recharge as needed.

BAIRD'S BACKRUBBER and FACERUBBER OIL can be used up to time of slaughter.

The face rubber mechanism must be so designed so that one end is low enough (not more than 15-20 inches above the ground) to allow cattle to rub their faces. This product is only effective for face fly control on those cattle that rub the face and head on the face treater.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: AVOID PROLONGED OR REPEATED inhalation and contact with skin. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water, or foodstuffs. Keep out of reach of children.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

CAUTION: DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Statement of Practical Treatment

If swallowed — Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING:** Vomiting may cause aspiration pneumonia.

If inhaled — Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin — Remove contaminated clothing and wash affected areas with soap and water.

If in eyes — Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame.

Pesticide Disposal: Pesticide that cannot be used according to label instructions must be disposed of according to applicable Federal, State or local procedures.

Container Disposal: Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and local procedures.
