PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS
WARNING

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust when handling treated seed. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under provisions of 30 CFR Part II. Avoid contact with skin. Wear rubber gloves while treating seed and handling treated seed. Avoid contact with eyes by wearing goggles while treating seed. Treat outdoors or in a well ventilated place only. Wash thoroughly after handling and before smoking or eating. Avoid contamination of feed and foodstuffs.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED, call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED, remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN, remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES, flush eyes with plenty of water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

Product is toxic to fish, birds and other wildlife. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water. Do not contaminate any body of water by cleaning of equipment, disposal of waste and container. Apply this product only as specified on this label.

PRODUCT INFORMATION

AGSCO DB-GREEN L is a special seed treatment formulation of maneb and lindane, which when used at the correct dosage rates, protects crops against seed-borne diseases such as stinking smut (bunt) of wheat, oat smuts, covered and false loose smuts of barley and bunt of rye. It also protects cereal crops against certain seed and soil-borne diseases such as root rot and seedling blight and for temporary protection of seeds and seedlings against wireworms. AGSCO DB-GREEN L is especially designed for on-the-farm treatment using a seed treater suitable for metering and mixing flowable seed treatments.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

AGSCO DB-GREEN L is a ready-to-use seed treatment for on-the-farm use in suitable seed treating equipment at the following rate:

Wheat, Oats, Barley and Rye - 3 fl. oz. per bushel.

Corn, Soybeans and Sunflowers - 4 fl. oz. per bushel.

Use only the recommended rate - lower amounts may not give the desired control. Higher amounts may cause seed injury. Seed should be well cured, dry and cleaned before treatment. For maximum benefits, avoid deep seeding and exceptionally early sowing under poor growing conditions.

Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time. Treated seed must not be used for or mixed with food or animal feed, or processed for oil.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store above 32⁰F.

PESTICIDE DISPOSAL: Pesticide or rinsate that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures under Resource Conservation and Recovery Act.

CONTAINER DISPOSAL: Triple rinse and dispose of in a sanitary landfill or by incineration if permitted by State and local authorities.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
