## VIGORO® HOUSE AND GARDEN INSECT KILLER

### DIRECTIONS FOR USE

Remove plastic cap. Hold container upright. Point spray opening away from you and press button. Apply spraying in short bursts. SHAKE BEFORE USE.

**INDOORS:** To kill flies, mosquitoes, gnats, wasps, flying moths. Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Thoroughly mist the room with the spray. Keep nozzle 3 feet from surfaces. Keep room closed for 15 minutes after spraying.

To kill roaches, water bugs, silverfish, crickets, ants. Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and trails over window and door sills and other locations.

To kill clothes moths, carpet beetles. Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers such as closets, chests and trunks regularly. Treatment should be repeated every thirty days unless the articles are stored in a mothlight container.

To kill bedbugs. Spray mattresses thoroughly, especially around seams and tufts. Spray bedstead baseboards, floor boards. Repeat frequently.

To kill such insects as aphids, and white fly on house plants, spray in short bursts, holding the can 18 inches from foliage for such plants as English Ivy and African Violets. Spray both sides of the leaves lightly. Do not wet. Repeat as often as necessary.

Do not remain in treated areas and ventilate the area after treatment is completed.

**OUTDOORS:** For bugs on such plants as Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladioli, Lilies, Marigolds, Petunias, Roses and Snapdragons. Also for bugs on evergreens and small ornamental deciduous trees, shrubs and vines.

When sprayed directly on insects this spray kills sucking insects such as aphids, leafhoppers, spotted mites, thrips (exposed) and lace bugs. Kills chewing insects, such as certain caterpillars, Mexican bean beetles, climbing cutworms and Japanese beetles when these insects are hit directly with the spray.

For best results spray in evening or on a cloudy day when air is still. Use slow sweeping motion. Keep can 18 inches from plants. Avoid wetting foliage with the spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray row on both sides. Repeat when needed. Spray with caution on young plants and new growth. Do not spray garden when temperature exceeds 90 F.

### CAUTION

**KEEP OUT OF REACH OF CHILDREN.** Contents under pressure. Store upright in a cool place (not over 120 F). Do not place on hot surface. Do not puncture the can. Never throw in fire or incinerator. Cover or remove fish bowls for 1 hour. Cover exposed food and utensils. This product can be used around foodstuffs and utensils if they are protected from direct contact during spraying. May stain finished surfaces if sprayed too closely.

## HOUSE AND GARDEN INSECT KILLER

### ACTIVE INGREDIENTS:

Pyrethrins 25%  
\*Piperonyl  
butoxide,  
technical 80%  
\*N-octyl  
bicycloheptene  
dicar-  
boximide 40%  
Petroleum  
distillate 8.55%  
10.00%

### INERT INGRE- DIENTS:

90.00%  
Total 100.00%  
\*Consists of 64% (bu-  
tylcarbityl) (6-propyl-  
piperonyl) ether and  
16% related com-  
pounds.
