VIGORO® Flower and Ornamental Systemic Insect Spray

Vigoro Flower and Ornamental Systemic Insect Spray is a powerful, long-lasting, systemic insecticide that kills insects from within the plant. It is effective against a wide range of insects, including aphids, beet beetles, caterpillars, and flies. The spray is easy to use and can be applied to a variety of plants, including flowers, shrubs, and trees. It provides long-term protection and is safe for use around children and pets.

WARNING

Vigoro Flower and Ornamental Systemic Insect Spray is poisonous. May be fatal if swallowed. May be absorbed through the skin. Avoid exposure. Avoid contact with eyes, nose, and clothing. In case of contact, wash with soap and water. If spray gets into eye, flush with plenty of water. Wash contaminated clothing with soap and hot water before reuse. Do not breathe spray mist. Do not eat or drink from treated plants. Avoid contact with treated plants. Wash thoroughly with soap and warm water after handling. For more information, see the back panel. For more information, see the back panel. For more information, see the back panel.
