

APR 20 1990

Mr. Douglas Cairn
Vigoro Industries, Inc.
2007 West Highway 50
P. O. Box 4139
Fairview Heights, IL 62208-2928

Dear Mr. Cairn:

Subject: Revised labeling in response to Metaldehyde
Registration Standard
Kuart Snail & Slug Killer Pellets
EPA Registration No. 557-1816
Amendment Application of December 3, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes given below before you release the product for shipment bearing the amended labeling.

1. Revise the environmental hazard statement to:

"ENVIRONMENTAL HAZARD

Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwater."

2. Revise the precautionary state to:

"PRECAUTIONARY STATEMENT

Warning: May be fatal if swallowed. Avoid breathing dust. Avoid contact with skin, eyes and clothing. Wash hands with soap and water after handling and before eating or smoking."

APR 20 1990

Mr. Douglas Cain
Vinson Industries, Inc.
2607 West Highway 50
P. O. Box 413
Fairview Heights, IL 62243-2607

KMART®
SNAIL AND SLUG KILLER PELLETS

Read entire label. Use strictly in accordance with label warnings and directions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING

KEEP OUT OF REACH OF CHILDREN. May be fatal if swallowed. If swallowed, induce vomiting. Call physician immediately. Avoid breathing dust. Avoid contact with skin, eyes, and clothing. In case of contact with skin or eyes, flush with plenty of water. For eyes, get medical attention. Wash hands with soap and water after handling and before eating or smoking.

ENVIRONMENTAL HAZARDS

This pesticide may be fatal to children and dogs or other pets if eaten. Keep children and pets out of treated area. Follow directions and use with care. Dogs and chickens may be attracted to this bait.

This product is toxic to fish and wildlife. Birds feeding on treated area may be killed.

Keep out of any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by disposal of wastes. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Water area to be treated thoroughly. Broadcast Kmart Snail and Slug Killer late in the day in the areas likely to be infested. Apply to the soil and not directly on plants. Do not apply to edible parts or foliage. Scatter, do not leave in piles. In gardens and lawn areas, insure pellets are applied around base of bedding plants and other low growing plants where snails and slugs hide. To avoid early damage to your garden, apply before snails and slugs appear at spring planting time.

Continuous watering and high temperatures cause this bait to gradually lose some of its effectiveness. Repeat applications every week to ten days during spring and summer months. Treatment every two weeks during fall and winter months is usually satisfactory. Repeated treatments provide control of new broods emerging during this period. Three baitings ten days apart usually gives control of new hatch. Apply one pound of this product to each 1,200 square feet of area.

ATTRACTS &
KILLS
SNAILS
& SLUGS

Kmart Snail & Slug Killer is a special preparation for the control of snails. Kmart Snail & Slug Killer attracts and kills snails and slugs with Metaldehyde. The presence of snails and slugs can be detected by their shiny mucous-like trail. They are night feeders and prefer damp, cool places in the ornamental garden, flowers, under boards or flower pots and around fences, hedges and bushes.
