 U. S. Patent No. 2,873,228
 STORE AT TEMPERATURES ABOVE 32°

K-mart CHINCH BUG KILLER with ETHION is a water emul-
 sifiable concentrate designed to kill chinch bugs and sod
 webworms. It mixes readily with water and is especially
 designed for use in hose sprayers.

When used in hose sprayers, diluted to apply 15 to 20 gallons
 per acre, one quart per acre will provide good coverage and
 control.

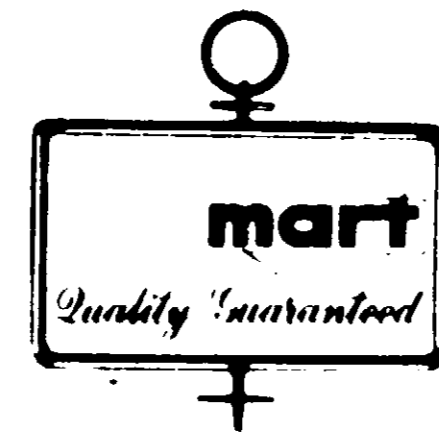

For more information, see the product literature. Other use
 directions are available from the manufacturer.

Apply 1/2 quart of K-mart CHINCH BUG
 KILLER to a 100-foot wide, 100-foot long area of
 lawn or garden. Be sure the spray
 reaches the soil surface. Do not
 water immediately after spraying.

Always use the proper amount of
 K-mart CHINCH BUG KILLER. Do not
 use more than the amount shown on
 the label. Always use the proper
 amount of water.
