### GENERAL USES

Vigoro Miscible Oil is a water emulsifiable concentrate designed for control of scale insects (Florida Red Scale, Purple Scale, Florida Wax Scale, Tea Scale, and other armoured and soft scales), white flies, mealy bugs, red spiders (Six-spotted Mite, Citrus Red Mite, and Texas Citrus Mite), sooty mold (a black film on upper surface of leaves and fruit) and as a spreading and sticking agent for copper and other residual sprays that do not contain Sulphur

### DIRECTIONS FOR USE

Vigoro Miscible Oil requires only dilution with water as follows  
Citrus, Avocado, Mango, Camellia, Gardenia, Ixora, Broadleaf Evergreens.

Mix one part oil to 50 parts water or 2½ ounces (5 tablespoons) to each gallon of water and spray thoroughly to wet both upper and lower leaves and all stems and trunk.

Azalea, Philodendron, Hibiscus, Bougainvillea, Ivy.

Mix 2 ounces (4 tablespoons) of oil to each gallon of water and spray for thorough coverage, wetting both sides of leaves and all stems and trunks.

### CAUTION

Keep out of reach of children.

Do not apply when temperature is above 90° F. or below 40° F. or when plants are wilting or near wilting. Do not use within 30 days before or after using sulphur. Do not use on vegetables, annuals, maidenhair fern or succulent plants, as damage may occur.

Do Not Reuse Container - Destroy when empty.
