6-10-4

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)

6.00% Ammoniacal Nitrogen

AVAILABLE PHOSPHORUS (ACID P)

SOLUBLE POTASH (K₂O)

Nitrogen derived from ammoniated phosphate fertilizer. Acid derived from ammoniated phosphate fertilizer. Potential Acidity 375 lbs Calcium Carbonate equivalent per ton. Manufactured by FMC Chemicals Corp., Chicago, Ill. 60604 Houston, Texas 77001.

ACTIVE INGREDIENT

PENTACHLORONITROBENZENE

2.00%

INERT INGREDIENTS (INCLUDING PLANT FOOD)

98.00%

Total 100.00%

For control of Brown patch (*Rhizoctonia Solani*) fungus disease in St. Augustine and Bermuda Grasses.

EASY TO USE

For southern or warm season grasses such as St. Augustine grass, Bermuda grass, or similar grasses - make one application using 4 lbs of this product per 100 sq ft (40 lbs per 1000 per sq ft) of lawn. Apply when brown patch first appears (brown spots in lawn - usually following heavy rain in mid-summer or fall).

If the treated area is subjected to heavy rainfall,

or is flooded, or if the disease is severe or reappears, repeat 3 to 4 weeks later.

Notice: Following application, the treated area should be watered moderately to insure movement of the chemical through the grass and down into the soil. Under certain conditions, a temporary discoloration of the grass may occur. This causes no harm and will disappear in a short time.

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid contact or inhalation of dust or contact with skin. Keep out of eyes as will cause irritation. Wash thoroughly with soap and water after using.

Avoid contamination of feed, foodstuffs, and food containers. Do not use this product for any use other than recommended on the label. Do not

graze treated areas. Do not feed clippings to livestock. Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.

This product is toxic to fish. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.
