WEED CONTROL WITH LAWN FERTILIZER
APPLY WHEN WEEDS ARE GROWING
LAWN FERTILIZER PROVIDES THICK GREEN LAWNS

ACTIVE INGREDIENTS

• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%

• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%

• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%
• Diquatpamph 500 of 2.4 dinitro-
phenylpyridine salt 0.52%

- Effective weed control for chickweed, dandelion, knotweed, plantain, henbit, spurge and many other broadleaf weeds.
- Contains the controlled release nitrogen used on 70 of America's top 100 golf courses
- Keeps grass green longer with fewer clippings when compared with soluble fertilizers.

WEED CONTROL WITH LAWN FERTILIZER

About The Environment:

Double increasing productivity values. Did you know a well-maintained lawn provides the following benefits to your home and environment?

- A 30 x 50 lawn provides enough oxygen for a family of four every day!
- 1. Removes dust
- 2. Reduces dust, pollen, bacteria and other pollutants
- 3. Reduces noise and wind
- 4. Reduces water
- 5. Improves Soil Conditions
- 6. Increases temperature

About Clippings: Grass clippings and yard waste are approximately 30% of the volume in our nation's landfills. Vigoro lawn fertilizer will help you do your part by significantly reducing the amount of clippings generated. The fertilizer provides the high amount of controlled release nitrogen in this product prevents rapid growth while providing a steady release of nutrients.

Other tips for reducing clippings: Leave clippings on your lawn and increase mowing height and frequency. This will result in smaller clippings that decompose more readily and add nutrients back into your lawn.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

See label for use instructions. Avoid breathing dust. Keep out of reach of children. Wash hands thoroughly after handling. Avoid contact with eyes. Do not eat or drink or smoke while using this product. Do not use if you are ill or if you are pregnant or nursing. Do not use if you are taking any medicine. Do not use if you are using any other lawn care product.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to saturated areas before the water has dried. Do not contaminate any body of water by cleaning of equipment or disposal of wastes. Do not contaminate water when cleaning or equipment or containers. Do not apply when weather conditions favor drift from target area. Do not contaminate agricultural ditches or water used for domestic purposes.

PREPARATION

If not used as directed, water may be accidentally exposed or mixed. Concerning the use of this product, clear from surfaces all oil or fat or damage during use. Handling and use of this product.

Nutrients:

GUARANTEED ANALYSIS

1. Nitrogen (N)	25.0

10. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
11. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
12. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
13. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
14. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
15. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
16. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
17. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
18. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
19. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.
20. Apply 1/2 cup of product to 500 sq. ft. of lawn in a single application with its labeling.

PRECAUTIONS: Do not apply to newly seeded lawns. Do not apply to bareground, compacted, or frozen ground. Do not apply to areas where children, pets, or livestock are present. Do not apply to areas where livestock are present. Do not apply to areas where livestock are present.

STORAGE: Store in original container in safe, dry place. Do not contaminate other products. Follow label for safe storage. Do not store in areas where children, pets, or livestock are present.

PRODUCT DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Do not burn bag.

What Is IBDU Slow-Release Nitrogen?

IBDU is a slow-release nitrogen fertilizer that has been proven to be the most effective slow-release nitrogen fertilizer. It is a slow-release nitrogen fertilizer that has been proven to be the most effective slow-release nitrogen fertilizer. It is a slow-release nitrogen fertilizer that has been proven to be the most effective slow-release nitrogen fertilizer.

Why Vigoro lawn fertilizer outperforms other fertilizers? Vigoro lawn fertilizer gives you the best of both worlds. It gives you the best of both worlds. It gives you the best of both worlds.

- IBDU slow-release nitrogen produces a thick, green lawn with less frequent fertilizing.
- IBDU slow-release nitrogen doesn't wash away with heavy rain or over-watering like the nitrogen in other fertilizers.
- The controlled-release feeding of IBDU slow-release nitrogen won't overload or burn your lawn when used as directed.
- Vigoro lawn fertilizer gives you steady, consistent growth for better maintenance.
