NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 557-1973."
 - b. A 1-year storage stability study must be conducted on this product. This study must be submitted within 15 months from the date of this Registration Notice.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

C A U T I O N

Avoid contact with skin, eyes or clothing. Avoid breathing dust.

Wash thoroughly after handling.

Do not take internally. May be harmful if swallowed. Wash contaminated clothing before reuse. Keep children and pets off treated areas until this product is washed into the soil and grass is dry.

Note to Physician. Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

ENVIRONMENTAL HAZARD

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Apply this product at a rate of 25 lbs. per 7500 square feet (145 lbs. per acre) using the spreader settings below when insects first appear. Retreat lawn when needed. Water entire lawn well to wash into soil surface after application. Do not apply to Dichondra.

This product feeds the lawn while it kills Ants, Brown Dog Ticks, Chinch Bugs, Crickets, Cutworms, Earwigs, Sod Webworm (Lawn Moth), and Sowbugs (Pillbugs).

SPREADER SETTINGS

| SPREADER | SETTING | SPREADER | SETTING |
|--------------------------|---------|----------------------------|---------|
