COMMENTS.

DIRECTIONS: Read entire label before using

Hold container 6 to 10 inches from the animal and spray lightly over the entire body. Do not spray in eyes. For best penetration of spray to the skin, direct spray against the natural lay of the hair to cause fluffing of the coat. Repeat as necessary but not more often than once weekly.

Para-Ban provides rapid kill of fleas on dogs and cats and of ticks on dogs. For more prolonged insect control, the animal's bedding should also be treated to help prevent re-infestation.

WARNING: Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of treated area. If swallowed, induce vomiting. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Avoid contamination of food, utensils, and food preparation areas. If poisoning should occur, obtain prompt medical aid.

To Physician—Large doses of active ingredient will result in cholinesterase depression. Atropine is antidotal. Do not give morphine. Watch for delayed pulmonary edema in cases of serious poisoning. In this case, use oxygen therapy and treat symptomatically.

CONDITIONS OF SALE: These Directions for Use reflect the opinion of experts based on tests of effectiveness, and of toxicity to laboratory animals and of residues on or in food and feed under normal conditions of use. However, because of the wide range of conditions under which this product may be used even though label directions are followed, it is impossible to eliminate all risks associated with its use because of abnormal conditions beyond the control of the Seller. The Seller offers, and the Buyer uses, this product subject to the understanding that the Buyer assumes all such risks.

WARRANTY AND LIMITATION OF DAMAGES: Haver-Lockhart Laboratories warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use and Conditions of Sale, subject to the risks referred to therein. Haver-Lockhart Laboratories makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent is authorized to do so except in writing, with a specific reference to this warranty. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc.
