ONE QUART ROCKLAND PENN-O-PINE PINE DISINFECTANT

PENN-O-PINE is an effective disinfectant, deodorant, and cleanser for safe-guarding health and improving sanitation in dairy barns, stables, poultry houses, kennels and pig-pens. It is also effective in homes, schools and public buildings. The small amount of PENN-O-PINE in its recommended dilutions makes its ultimate cost extremely low.

PENN-O-PINE has been found to be especially valuable in the disinfecting of incubators and incubator Trays, because of its free rinsing, leaving no sticky residue on the trays.

PENN-O-PINE is especially recommended for use in dog kennels and ~~veterinary~~ hospitals as its pleasant odor makes it excellent for that purpose. The premises should be thoroughly cleaned. Then wash or spray everything—walls, ceilings, floors, toilets, mangers, dropping boards, utensils, yard, runs, trays, pens and fences with PENN-O-PINE.

DILUTIONS

- 1 gallon of Penn-O-Pine to 100 gallons Water
- 1/2-gallon of Penn-O-Pine to 50 gallons Water
- 1 quart of Penn-O-Pine to 25 gallons Water
- 1 pint of Penn-O-Pine to 12 gallons Water

CAUTION: Harmful if Taken Internally.

WARNING: Seller makes no warranty of any kind, express or implied, concerning the use of this material. Buyer assumes all risk of use or handling, whether in accordance with directions or not.
