JUL 16 1989

Ms. Judith K. Lamm
Rockland Chemical Company, Inc.
P.O. Box 809
West Caldwell, NJ 07006

Dear Ms. Lamm:

Subject: Rotenone 1% Dust
EPA Registration No. 572-53
Your Submissions of a Confidential Statement of Formula
Dated February 3, 1987 and Labels Received May 15, 1989
in Response to the Rotenone Registration Standard

The label you submitted is acceptable and a stamped copy is enclosed for your information. Submit five (5) copies of the final printed labels before you release the product for sale using the new labels.

The Confidential Statement of Formula dated February 3, 1987 will be placed in the file for this product. Further revisions may be required if changes are made in labels for manufacturing-use products supplying the active ingredients for this product.

Sincerely yours,

Phil Hutton
Product Manager (18)
Insecticide-Rodenticide Branch

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For best results, plants should be dusted as soon as pests appear and repeated at seven day intervals. Proper application and as complete coverage as possible helps to secure successful control of insect pests. A good hand or power duster of the usual type is satisfactory for use. Both lower and upper sides of the plant leaves should be thoroughly dusted. The kind and age of the plants being treated will determine the amount of dust required. The quantity will vary from 1/2 pound to 1 pound per 1,000 square feet. ROCKLAND ROTENONE 1% DUST should be applied in dry weather. However, the plants must not necessarily be dry as its effectiveness is not lost on wet plants.

The maximum kill is obtained in 1 to 3 days with effectiveness lasting a number of days depending on weather conditions.

ROCKLAND ROTENONE 1% DUST is recommended for control of pests shown below:

Crop	Insects Controlled
ASPARAGUS	Asparagus Beetle
BEANS	Mexican Bean Beetle, Aphids
BLUEBERRIES	Flea Beetle
GRAPES	
STRAWBERRIES	
SWEET POTATOES	
CABBAGE	Diamond Back Moth, Cabbage Loopers
BROCCOLI

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Harmful if swallowed. Can cause eye, skin, and throat irritation. Avoid contact with skin, eyes and clothing. Avoid inhalation of dust. Wash thoroughly after handling. Food utensils such as teaspoons and cups should not be used for food after use with pesticides.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, potholes). Runoff and drift from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment washwaters.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Store unused material in tightly closed, original container, in a locked storage area away from children and pets.

DISPOSAL: Do not reuse container. Securely wrap closed container in several layers of newspaper and discard in trash.

WARRANTY: Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
