3

CAUTION: Keep out of reach of children.
See back panel for additional caution.

DIRECTIONS FOR USE

ROCKLAND KELTHANE gives high initial kill and long residual activity against most species of agriculture mites, including European red, two-spotted (red spider), six-spotted, Pacific, strawberry (Atlantic), cyclamen, privet, citrus red (purple), citrus flat, citrus rust, Texas citrus, Schoene, yellow (carpini), McDaniel, apple rust, plum nursery, peach silver, clover (brown almond), tomato russet, Willamette, spruce, desert, tropical and Yuma.

ROCKLAND KELTHANE is a specific miticide and will not kill bees and beneficial insect predators.

ROCKLAND KELTHANE is compatible with most other commonly used insecticides and fungicides and may be used in regular or concentrate sprayers. It should not be used with lime or with materials not compatible with solvent-based pesticide formulations. ROCKLAND KELTHANE should be applied thoroughly, using sufficient gallonage to cover all parts of the plant, especially the undersides of leaves.

ORNAMENTALS, FLOWERS, NURSERY STOCK and SHADE TREES: for the control of mites common on greenhouse or outdoor plants. Use 1 to 2 pints ROCKLAND KELTHANE per 100 gallons (1 to 2 tablespoons in 3 gallons) of water. Apply when mites are present and repeat as necessary.

CLOVER MITES IN BUILDING: Use 1/2 to 2 pints ROCKLAND KELTHANE per 100 gallons. Spray walls, foundations, window sills, plants and lawn at base of infested buildings.

ACTIVE INGREDIENTS:

*1,1-bis (chlorophenyl)	18.5%
2,2,2-trichloroethanol	73.0%
Xylene	8.5%

INERT INGREDIENTS

*Rohm & Haas U. S. Patent Numbers 2,812,362 and 2,812,280 ... 100%

CAUTION: Avoid skin contact. Avoid inhalation of mist. Do not take internally. Wash thoroughly after handling. Inflammable — keep away from flame. Do not smoke while spraying. Avoid contamination of feed or food-stuffs. Harmful if swallowed.

WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
